MESSAGE TO OUR SHAREHOLDERS

Dear Shareholders,

2025 was another positive year for Shang Properties, Inc. (SPI). Despite global uncertainties and shifts in the market, our mission to develop and operate world-class properties remains constant, with disciplined and strategic expansion taking us to new heights and reinforcing our gains.

Financial Performance

SPI delivered solid results in 2025, reflecting the strength of our recurring income base alongside steady contributions from our development portfolio.

Total group revenues amounted to PhP11.3 billion from our residential, commercial and retail leasing, hotel operations, and complementary business segments. Net income for the year stood at PhP4.0 billion from timing of revenue recognition of our residential developments following the completion of Shang Residences at Wack Wack and Aurelia Residences, strong leasing income from Shangri-La Plaza and a share in net income from Shangri-La The Fort, Manila. Recurring revenue remained robust, increasing by 6.3% to PhP7.7 billion and accounting for 67.9% of total revenues. Non-recurring revenue totalled PhP3.6 billion, reflecting the natural revenue recognition cycles.

Strategic Expansion and Residential Developments

Our residential portfolio continues to be a leading driver of growth, supported by sustained demand for premium luxury developments.

We continued to advance our key projects while achieving steady sales momentum across our portfolio. Property sales amounted to

PhP3.6 billion, representing 32.1% of total revenue. This reflects the timing of project completions rather than underlying demand.

Shang Summit, our landmark 80-storey development in Quezon City, continues to gain strong traction, contributing PhP1.1 billion to top-line revenue. With two towers comprising close to 1,900 units, the project exemplifies luxury living with contemporary design and accessibility.

Shang Bauhinia Residences, our maiden project in Cebu and the first outside Metro Manila, remains strong with a contribution of PhP592.7 million. The development shows encouraging performance and a growing market acceptance as we expand our national footprint.

Laya by Shang Properties continued to perform well with a 59.9% increase year-on-year, supported by sustained buyer interest and steady absorption.

Haraya Residences continues to progress as a refined residential development offering a balance of sophistication and comfort. Sales of the second tower began during the year.

Aurelia Residences is one of our flagship luxury developments, attracting discerning buyers following its completion last year, when we began handing over residential units to their owners.

Shang Residences at Wack Wack contributed PhP1.2 billion to top-line revenue after its successful turnover in 2024.

Together with contributions from other projects, these developments demonstrate the ongoing strength of our residential platform.

We also continue to evaluate strategic land acquisitions to support our long-term plans and reinforce our presence in key growth areas.

Recurring Income and Commercial Leasing

Our commercial leasing portfolio and hospitality operations continued to provide stable and growing income streams.

Revenue from property rental increased by 7.2% to PhP2.9 billion.

Shangri-La Plaza generated PhP1.6 billion, an increase of 10.8%, benefitting from an improved tenant mix and increased footfall. Streetscape, a new dining concept launched at the start of the year, further elevated the restaurant experience in this already upscale mall.

The Enterprise Center maintained stable performance, contributing PhP925.1 million, supported by a healthy demand for premium office space.

Shangri-La The Fort, Manila continues to be a major revenue contributor, having generated PhP4.8 billion during the year – an increase of 5.7% reflecting improved occupancy and recovery in travel and tourism.

These recurring income streams underscore the strength of our diversified portfolio and provide stability across market cycles.

Commitment to Sustainability and Innovation

Sustainability remains a vital consideration in our development strategy and we continue to integrate energy-efficient systems, sustainable materials and environmentally responsible practices across our projects.

At the same time, we remain committed to high-quality innovation in design, delivery, and the SPI customer experience.

Looking Forward

With significant developments in the pipeline and a resilient recurring income base, SPI remains very well positioned to deliver strong and sustainable long-term growth.

I sincerely thank every member of our hard-working team, on whose spirit, dedication, and commitment we rely for our achievements and ongoing success. As ever, the fine leadership and wise guidance of our Board of Directors are both essential and very much appreciated.

My sincerest thanks must, of course, go to each of you, my fellow shareholders. Your insightful and steadfast support is key to our success.

Yours sincerely,

Edward Kuok Khoon Loong

Chairman of the Board

SHANG BAUHINIA RESIDENCES

RESIDENTIAL

Artist's perspective of Shang Bauhinia Residences

Set to rise in the lush tree-lined Bauhinia Drive in Cebu, Shang Bauhinia Residences is poised to become a gleaming landmark in the Queen City of the South. The 52-story vertical gated community offers a bespoke living experience that marries the vibrant spirit of Cebu and understated elegance of a Shang Properties home. Providing utmost connectivity, this premier residential tower is just a stone's throw away from the Cebu Country Club, Cebu Business Park, and Cebu IT Park.

The architectural vision is a masterclass in livable luxury. Curated spaces comprise intimate studios, one- to two-bedroom units, and the signature three-bedroom residences. Each home is a hallmark of craftsmanship,

featuring floor-to-ceiling windows that frame panoramic views, exquisite finishes and upscale fittings, plus gourmet kitchens equipped with premium appliances.

At the core of Shang Properties' first residential development in Cebu are two world-class facilities that will rival international resorts. The Clubhouse, open to all residents, is a 4,015-sqm amenities hub featuring social and wellness facilities. Meanwhile, The Sky Lounge, featuring a rooftop private pool, is exclusive to Shang Bauhinia Signature unit residents.

Winner of the 2025-2026 Best Apartment/Condominium Development (Philippines) from Asia Pacific Property Awards, Shang Bauhinia Residences is a statement in quiet luxury and urban convenience in the city's most coveted neighborhood. As of 31 December 2025, 218 units have been sold for a total PhP5.9 billion in sales revenue.

SHANG SUMMIT

RESIDENTIAL

Situated in the historic enclave of South Triangle in Quezon City, Shang Summit is envisioned to be the tallest residential development in the Philippines, rising to over 260 meters across 80 storeys. This twin-tower architectural marvel is a prestige address that offers a rare balance of privacy and convenience. It occupies a prime corner along Sgt. Esguerra Avenue, a short stroll from artisan coffee shops and gourmet dining, and minutes away from world-class retail and recreation hubs.

The East Tower, the first to rise comprising 1,019 residential units, features meticulously appointed residences that epitomize relaxed luxury and urban efficiency. In studio, one-, two-, and three-bedroom configurations, the residential suites boast floor-to-ceiling windows and private balconies that afford stunning cityscape views. Outdoor facilities include a stunning tropical pool with an expansive alfresco deck and an integrated children's splash pad. Indoors, the development offers a state-of-the-art fitness center, wellness facilities, sophisticated co-working lounges like The Summit Gallery, and dedicated play areas designed for family interaction.

Artist's perspective of The Summit Ballroom

The development is a masterclass collaboration between renowned P&T Group and internationally celebrated Italian interior design firm FM Architettura. Expected for completion in December 2031, Shang Summit was hailed Best Residential High-Rise Development 2025-2026 by the prestigious Asia Pacific Property Awards. As of 31 December 2025, 395 units have been sold, generating a total of PhP8.0 billion in sales revenue.

Artist's perspective of Shang Summit

Laya by Shang Properties is a single-tower residential sanctuary located in Pasig City, hailed among the most affluent and efficient cities in the country. The tower is nestled near the pulse of Ortigas Center, amid the bustling commercial and corporate landscape.

The residences are designed for those seeking a reimagined concept of urban living, where daily commutes are effortless and after-work hours seamlessly transition into relaxation. Comprising 1,283 thoughtfully-designed units and over 2,934 sqm of amenities, the development provides a dynamic space for creativity and community in spaces like The Library, The Studio, and Play Areas.

HARAYA RESIDENCES

RESIDENTIAL

Located at the heart of the Bridgetowne Destination Estate in Pasig City, Haraya Residences offers sanctuary and security in the lap of urban luxury. Drawing its name from an old Filipino word for 'imagination', this prime residential development provides convenient access to key business centers, shopping malls, and medical facilities within a dynamic district.

The architectural centerpiece of the development is the Italian-inspired loggia, engineered as a seamless extension of the home that transitions interior living spaces into the outdoors. These expansive layouts emphasize a breathable environment, featuring curvilinear walls and motifs that invite natural light into every suite.

The development consists of two distinct towers: the North Tower, housing 483 residences, and the South Tower, which adds another 568 homes to the community. Haraya Residences prioritizes community and privacy through over 2,500 square meters of outdoor amenities and a comprehensive suite of indoor facilities.

The outdoor grounds feature beautifully tended gardens, a tropical pool, a kiddie pool, and dedicated children's play areas. Indoors, the development offers sophisticated shared spaces including The Veranda, The Tea Room, and a professional-grade Chef's Kitchen for intimate gatherings. Additional wellness and leisure facilities include a state-of-the-art gym, a sauna, a library, and specialized rooms for gaming and viewing.

As a joint venture between Shang Properties, Inc. and Robinsons Land Corporation, Haraya Residences is a collaborative vision of an elevated contemporary lifestyle. As of 31 December 2025, 420 units had been sold, generating PhP12.5 billion in sales revenue.

Actual image of Aurelia Residences

Commanding the prime intersection of McKinley Parkway and 5th Avenue in Bonifacio Global City, Aurelia Residences is an ultra-luxury landmark that exudes exclusivity. A joint venture between Shang Properties, Inc. and Robinsons Land Corporation, the development draws architectural inspiration from sprezzatura, the Italian art of effortless sophistication.

The development comprises 285 bespoke residences, featuring expansive three- and four-bedroom suites with private lift lobbies and a maximum of only two units per floor wing. The tower's signature three-petal design, a collaboration between world-renowned firm Skidmore, Owings & Merrill (SOM) and FM Architettura, is both an

AURELIA RESIDENCES

RESIDENTIAL

aesthetic and functional triumph. This unique three-wing layout maximizes privacy while affording every home panoramic views of the Manila Golf Club, Manila Polo Club, and Forbes Park.

Homeowners enjoy over 5,000 square meters of world-class amenities, including the Canopy Room, a multipurpose space that transitions into the outdoors, a 40-meter resort-style pool, gym, jacuzzi, sauna, and luxury home cinema, as unit turnover officially started on 1 September 2025.

Aurelia Residences continues to demonstrate exceptional market performance, with 259 units sold as of 31 December 2025, generating a total of PhP33.5 billion in sales revenue.

Artist's perspective of Shang Residences at Wack Wack

SHANG RESIDENCES AT WACK WACK

RESIDENTIAL

Strategically positioned between the Ortigas and Makati business districts, Shang Residences at Wack Wack is a 50-story sanctuary in a verdant enclave of Mandaluyong City. Its location hits the sweet spot that balances privacy and proximity to premier medical and educational institutions.

Designed by world-renowned architectural firm Wong & Tung International Ltd., with interiors by the Hong Kong-based BTR Workshop, the residential development prioritizes low-density living, ensuring a maximum of 10 units per floor, with higher levels having only six to eight suites. There are 404 residences, ranging from one-bedroom units to four-bedroom penthouses, with floor-to-ceiling windows and private balconies.

Residents have access to 2,800 square meters of world-class amenities, with the Panorama Room, a function space designed for private events with a golf course backdrop, as its centerpiece. Additional facilities include resort-sized outdoor pools, a state-of-the-art fitness center with a panoramic yoga studio, steam and sauna rooms, a mini-theater, and recreation areas for children and families.

The project remains a top-performing asset in the luxury residential sector. As of 31 December 2025, 361 of the 404 units have been sold, generating PHP 13.1 billion in sales revenue.

SHANGRI-LA PLAZA

MALL & RETAIL

Driving Performance Through Market-Led Tenant Mix Optimization

In 2025, Shangri-La Plaza delivered strong operating performance, achieving a 95.55% occupancy rate, a clear reflection of continued demand for its retail environment.

Amid a dynamic retail landscape, the Shangri-La Plaza remained focused on strengthening both commercial performance and customer relevance, ensuring sustained growth across operations, tenant mix, and overall experience.

Guided by its brand battle cry #SincerelyShang, these efforts were anchored in authenticity and thoughtful curation, reinforcing the mall's ability to evolve with its market while remaining closely connected to its community.

This was driven by an adaptive tenant mix aligned with shifting consumer behaviors. The expansion of Cartier reinforced the mall's standing in the luxury segment, while the growing emphasis on health and holistic living fueled demand across athleisure and performance categories. The rising popularity of sports such as pickleball, Hyrox, and marathon running translated into sustained momentum for brands including Wilson, Salomon, and Puma.

Shangri-La Plaza also welcomed the first GANT store in the Philippines, introducing premium American sportswear defined by its timeless, preppy aesthetic. This was complemented by the entry of wellness-focused brands such as One Life, Skalp, Toni & Guy, and Asian Hair Restoration, further strengthening its lifestyle offering.

Ongoing tenant reinvestments and new store openings continue to elevate the overall retail experience, ensuring that Shangri-La Plaza remains aligned with a discerning and evolving market.

Shaping Demand Through Experience

Building on this foundation, Shangri-La Plaza expanded its reach while deepening engagement, growing its audience without losing its core.

Destination-led programming played a key role in attracting new segments. Stride, the mall's first Indoor Family Walkathon, reimagined it as a venue for movement and shared experiences, drawing in families and active lifestyle communities. This was complemented by Fête de la Musique: Ember Stage, mounted in partnership with Alliance Française, which introduced a vibrant layer of cultural programming and broadened audience appeal.

Further strengthening this direction, Shangri-La Plaza hosted Cinemalaya for the first time under its Culture In Focus platform, reinforcing its role as a cultural destination while engaging film and creative communities.

At the same time, Shangri-La Plaza continued to strengthen its community ecosystem. Estate runs in partnership with Spartan Club activated the space beyond its traditional use, while the launch of the Shang Pet Club introduced a more inclusive, lifestyle-driven dimension.

Together, these initiatives reflect a more diversified audience while reinforcing Shangri-La Plaza's role as a trusted, lived-in third space.

Enduring Strength in a Demanding Landscape

Shangri-La Plaza continues to lead as the premier premium and luxury destination within its corridor, defined not only by its tenant mix and performance, but by its distinct sense of place.

Despite its location along a highly congested urban corridor, the mall remains a destination that customers actively choose, drawn by its curated experiences and considered environment. Its ability to consistently deliver family-oriented, culturally relevant, and community-driven programming sets it apart in a dense metropolitan landscape.

This balance of aspiration and accessibility sustains long-term loyalty and strengthens brand equity, ensuring that Shangri-La Plaza remains relevant, preferred, and enduring. As it moves forward, Shangri-La Plaza remains committed to delivering experiences that attract, engage, and last—staying true to its vision of being Positioned for Growth, Delivering Value.

ASSEMBLY GROUNDS AT THE RISE

MALL & RETAIL

Long defined as a neighborhood essential, the space continues to evolve in response to changing lifestyles, expanding beyond convenience-driven use into a more intentional and discovery-led environment. This reflects a deeper understanding of its audience, balancing everyday utility with more deliberate reasons to visit and explore.

Evolving the Experience: From Routine to Intentional Visits

Assembly Grounds remains anchored in accessibility, serving residents and nearby professionals with curated essentials, dining, and wellness. In 2025, it maintained a healthy 93.7% occupancy rate, reflecting continued demand as the space evolves its tenant mix in line with shifting lifestyle preferences.

This foundation was further strengthened by the introduction of new concepts that enhance its overall offering, including Luce, a Filipino-owned jewelry brand specializing in engagement and fine jewelry; Miss Esthe, a Japanese facial salon bringing precision skincare techniques from Matsuyama; and Golden Rice, a fast-casual concept offering authentic biryani prepared using traditional methods.

A clear shift in visitation patterns also emerged. While weekdays continue to be driven by routine and proximity, weekends are increasingly defined by intentional visits, with customers choosing to spend time, engage, and explore.

This transition is supported by a stronger emphasis on curated programming. Seasonal activations such as Lunar Legends 2025 (Chinese New Year), Unlock the Magic at the Easter Factory, Enchanted Pumpkin Patch (Halloween), and The Holiday Express at The Grounds (Christmas) drew families into the space through immersive, occasion-based experiences.

Alongside these, curated fairs and pop-ups introduced niche and emerging concepts, appealing to a younger, experience-driven audience. Together, these initiatives reposition Assembly Grounds as a space for discovery, where new ideas, brands, and experiences can be encountered within an approachable setting.

Expanding Reach While Staying Grounded in Community

On-ground experiences were complemented by a more focused approach to digital storytelling. Through relevant and far-reaching content, Assembly Grounds expanded its visibility beyond its immediate trade area, engaging new audiences and encouraging conversion from online discovery to on-site visits. As a result, the audience profile continues to evolve. While the core community remains a key driver, the space has seen increasing engagement from younger patrons drawn to curated, social, and discoverable environments. Families continue to anchor the space, particularly during themed and seasonal activations that provide shared and accessible experiences.

Despite this broader reach, Assembly Grounds remains grounded in its role as a neighborhood hub. Its strength lies in its ability to balance familiarity with discovery—supporting everyday needs while creating opportunities for exploration.

As it continues to evolve, Assembly Grounds remains focused on relevance and adaptability, delivering experiences that are intentional, engaging, and responsive to its market.

In 2025, the property delivered strong performance, closing the year at an impressive 84% occupancy and exceeding its budgeted target. This was driven primarily by disciplined leasing execution, supported by steady demand, competitive positioning, and a healthy pipeline of prospects. Leasing momentum translated into consistent lease conversions and rising occupancy levels throughout the year.

High renewal rates reinforced occupancy stability and reflected continued tenant trust in the asset. This performance was underpinned by operational discipline focused on asset preservation and tenant retention. Efficient building management and a sustained commitment to enhancing the tenant experience supported both renewals and new leasing activity.

Positioned for growth, the property enters the coming year with strong leasing fundamentals and a well-maintained asset base, enabling it to continue delivering value to stakeholders.

THE ENTERPRISE CENTER

OFFICE LEASING

In 2025, Shangri-La The Fort, Manila achieved record-breaking monthly and annual revenues, marking its strongest financial performance since opening in 2016. This milestone reflects a year of strategic growth, operational excellence, and a clear focus on delivering value to guests, partners, and stakeholders.

The hotel remains a preferred venue for global leaders, industry innovators, and Manila's most distinguished events. At the same time, it offers guests a complete lifestyle experience, combining dining, curated events, and wellness at Kerry Sports Manila, setting the standard for hospitality in the city.

SHANGRI-LA THE FORT, MANILA

HOTEL

This achievement underscores the dedication, professionalism, and teamwork of every colleague at Shangri-La The Fort, Manila and across the Shangri-La Group. With its prime location, high standards of service, and dynamic energy, the hotel is well-positioned to build on this momentum and continue delivering exceptional results in the years ahead.

Materiality Process

SPI upholds a forward-looking materiality assessment process that identifies and prioritizes the topics most significant to the organization. This process is reviewed annually by our Sustainability Core Team to ensure alignment with evolving regulations, emerging industry dynamics, and business developments. Changes to our existing process are correspondingly reviewed and approved by our Board of Directors.

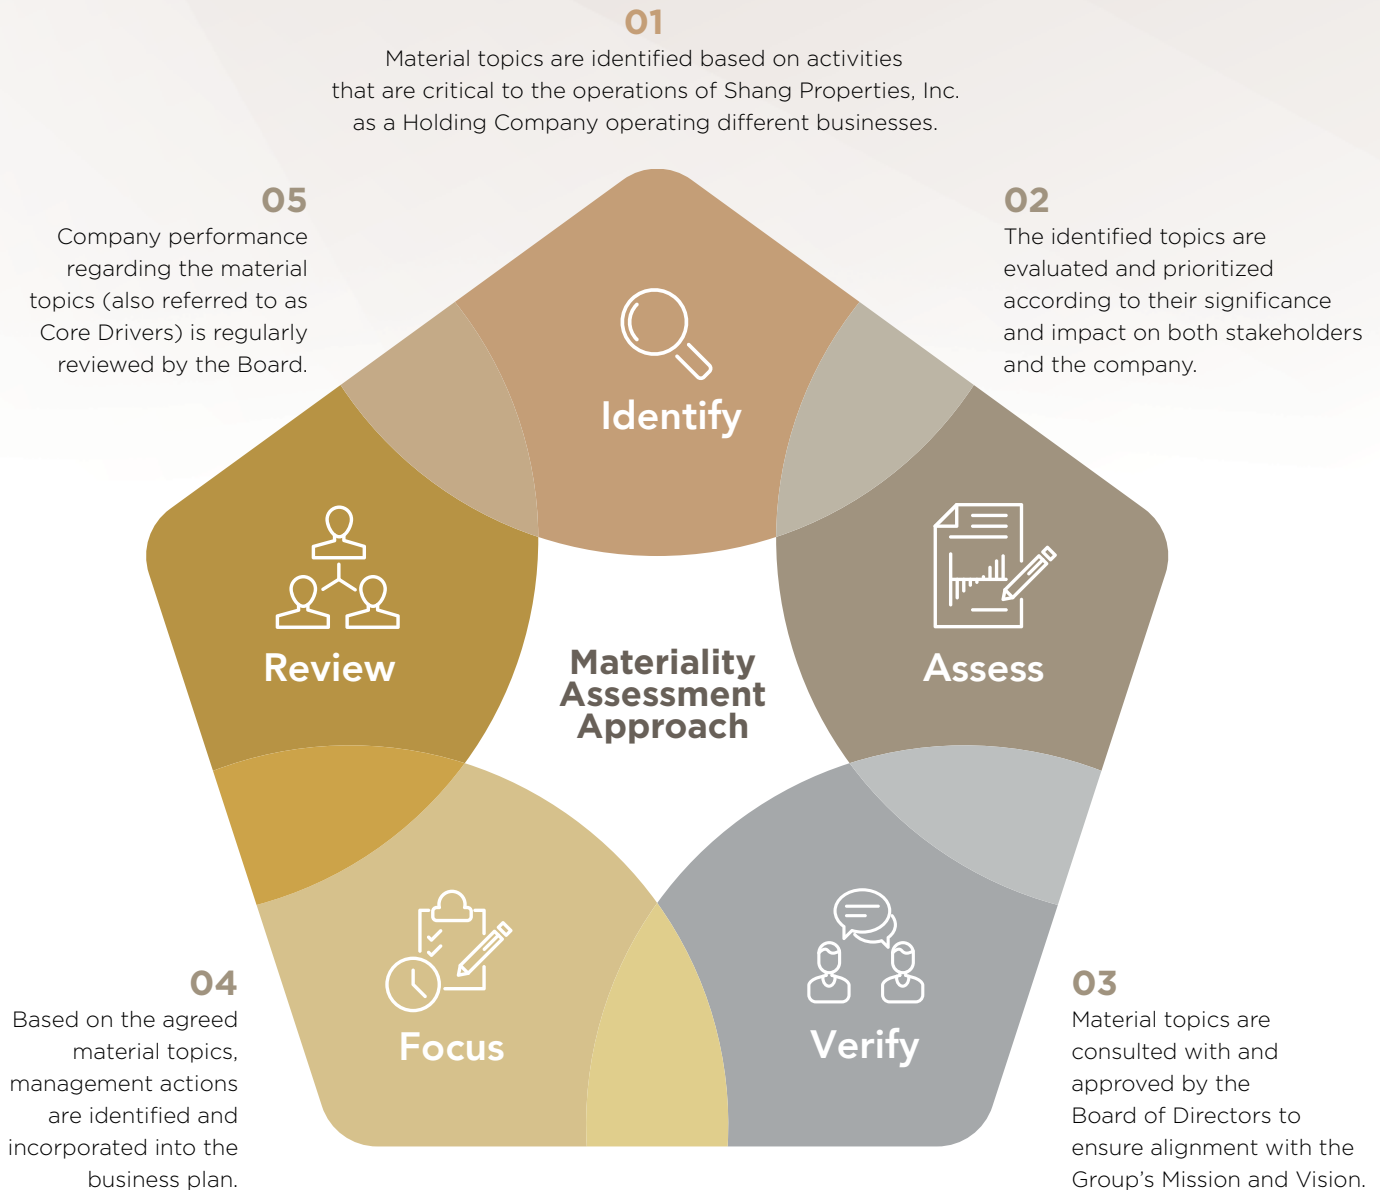

Figure 1 Materiality Assessment Approach

Sustainability Framework

Our materiality assessment approach enables us to identify the principal drivers that significantly shape our sustainability framework. For this FY 2025, we have retained our existing topics in our framework, reflecting our considered view that these topics still hold significant relevance to our organization, especially with the absence of major operational shifts across our business activities throughout the year.

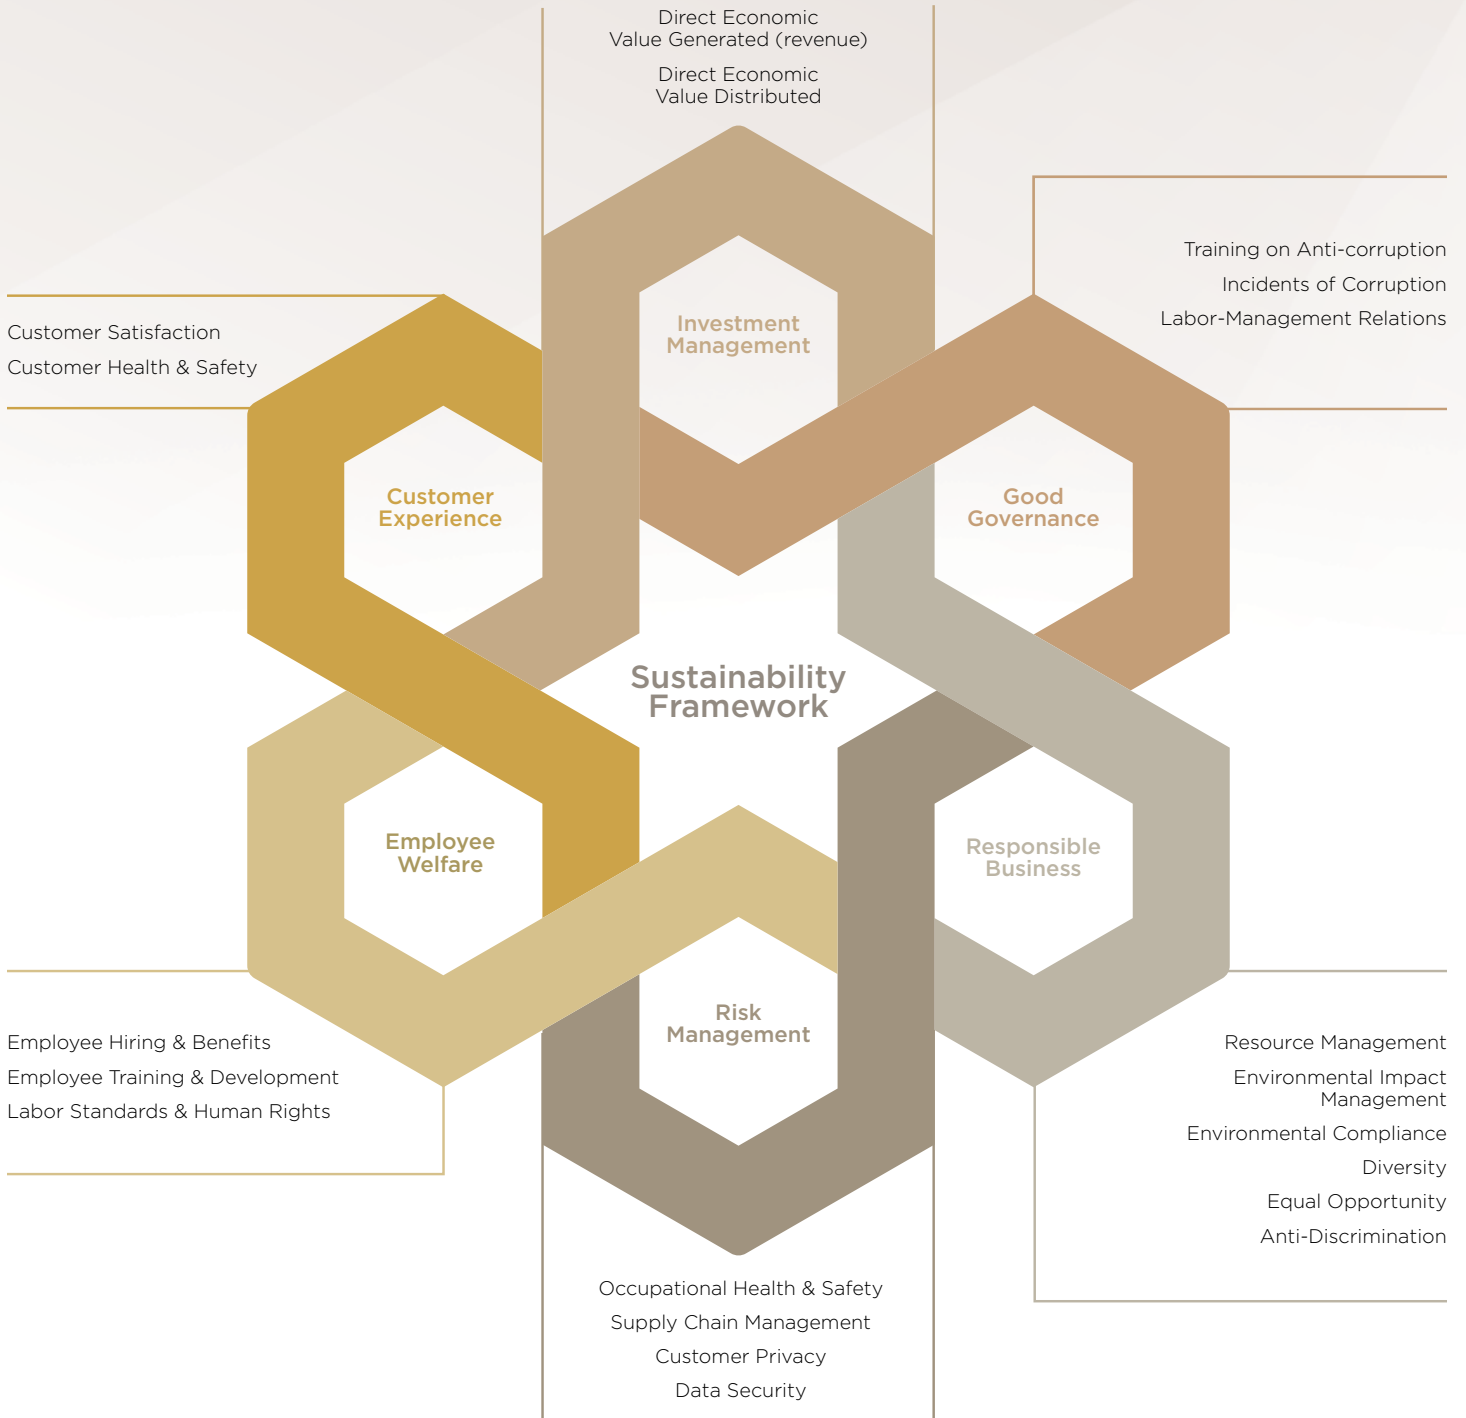

Figure 2 SPI Core Drivers

Climate and Sustainability Disclosures

(IFRS S1/S2-aligned)

SPI recognizes the importance of providing consistent, comparable, and decision-useful sustainability-related information to its stakeholders. In line with the requirements of SEC through Philippine Financial Reporting Standards (PFRS) S1 and S2, the Company is strengthening its disclosures across key areas, including governance, strategy, risk management, and metrics and targets. While current disclosures reflect existing practices, SPI is undertaking a phased approach to enhance its sustainability reporting framework and align more closely with evolving regulatory and reporting expectations.

For FY 2025, SPI has identified priority areas for improvement, with planned initiatives to be implemented. These efforts are intended to establish a more structured and integrated approach to managing sustainability-related risks and opportunities, particularly those related to climate, while supporting more robust disclosures in future reporting cycles.

METRIC CATEGORY	OUR APPROACH AND TARGETS
Governance	In preparation for enhanced sustainability disclosures in future reporting cycles, SPI plans to strengthen its governance framework. The Company intends to further define the roles and responsibilities of the Board and management in overseeing sustainability-related risks and opportunities, including climate-related matters, to support alignment with PFRS S1/S2.
Strategy (Climate-related risks and opportunities)	SPI plans to undertake a structured risk assessment and hazard mapping exercise to identify and evaluate climate-related risks and opportunities across its operations. This includes assessing exposure areas and conducting an initial qualitative identification of impacts, with the intention of linking these impacts to identified risks to support more robust and decision-useful disclosures in future reports.
Risk Management	The Company intends to enhance its processes for identifying, assessing, and managing sustainability-related risks, including climate-related risks. These activities aim to support the integration of sustainability considerations into existing risk management processes and improve the consistency and completeness of future disclosures.
Metrics and Targets	SPI aims to explore opportunities to reduce greenhouse gas emissions through the adoption of more efficient technologies and operational improvements, with further assessment planned in the upcoming years. In parallel, the Company plans to implement targeted data privacy and cybersecurity training programs to strengthen employee capabilities in preventing data breaches, cyber-attacks, and data loss. These initiatives support SPI's broader objective of enhancing operational resilience, reducing environmental impact, and strengthening risk management practices.

Stakeholder Engagement

SPI recognizes stakeholder engagement as fundamental to aligning our strategic priorities with stakeholder expectations. In 2025, we continued to work in close collaboration with multiple departments to review and refine our engagement matrix to further our mission of connecting with all concerned stakeholders. The table below presents an updated overview of these stakeholder communities, their respective modes of engagement, and their key concerns.

METRIC CATEGORY	MEANS OF ENGAGEMENT	ASPECTS	FREQUENCY

Material Topic/Disclosure: Employee Management, Workplace Conditions, Labor Standards and Human Rights

As one of the largest employers in the hospitality and real estate industry in the Philippines, SPI recognizes its responsibility to provide a safe and healthy working environment for employees, customers, and other stakeholders. The Company strictly complies with applicable labor laws and regulations issued by the Department of Labor and Employment (DOLE) and other relevant government agencies. SPI also values diversity and believes that the Company performs better in an inclusive workplace. The Company promotes a safe and welcoming environment where individuals of all genders, ethnicities, backgrounds, sexual orientations, and beliefs are treated with respect.

BOARD OF DIRECTORS

Edward Kuok Khoon Loong is the Chairman of the Company and also Vice Chairman of Kerry Holdings Limited. He has been with the Kuok Group since 1978. He has a Master's degree in Economics from the University of Wales in the United Kingdom.

Maximo G. Licauco III is the Vice Chairman of the Company. He is the President of Filstar Distributors Corporation (Licensee of Hallmark Cards and exclusive distributor of BIC Products). He was previously an Area Vice President of National Book Store, Inc. where he spent 34 years in the retail business. He graduated at the Ateneo De Manila University with Bachelor of Arts Degree major in Economics.

Cynthia Roxas Del Castillo is a Senior Partner and a member of the Executive Board at Romulo, Mabanta, Buenaventura, Sayoc & de los Angeles and has been with the firm for over 30 years. She holds an LL.B from Ateneo, graduated Valedictorian in 1976 and placed 11th in the 1976 Bar Examinations. She was a former Dean of the Ateneo de Manila University's Law School and the first woman to hold the said position. She currently serves as Corporate Secretary and Director of other various Philippine corporations.

Cheng Wai Sin was elected as member of the Board effective 28 August 2024.

Ms. Cheng is the Chief Financial Officer and the Company Secretary of Kerry Properties Limited (KPL). She is also a member of the KPL's Finance Committee.

Ms. Cheng brings over 25 years of experience in accounting and finance, having worked in both the corporate and banking sectors.

Prior to joining KPL, Ms. Cheng was the Chief Financial Officer of Hutchison Telecommunications Hong Kong Holdings Limited (a listed company in Hong Kong) since 2012. As a qualified accountant, Ms. Cheng holds fellow membership with the Association of Chartered Certified Accountants and membership with the Hong Kong Institute and awarded with the dual designations of Chartered Secretary and Chartered Governance Professional. In addition to her professional qualification, Ms. Cheng holds a Master of Science degree in Finance.

Maria Rochelle S. Diaz was elected as member of the Board effective 18 June 2024.

Ms. Diaz brings with her a wealth of experience from different industries including Property Development, Banking, Food and Beverage, and Telco. She was CFO with the Max's Group of Companies and also worked with Ayala Land, Converge ICT, and PricewaterhouseCoopers.

Alexandra Ramos-Padilla also served as a member of the Board of the Company from 2006 to 2013. She also sits in the Board of Directors of Philodrill Corporation, Anglo Philippines Holdings Corporation and United Paragon Corporation. She is currently Managing Director of National Bookstore, Inc. and President of Anvil Publishing. She graduated from Ateneo de Manila University

major in Management Engineering and obtained her Master's in Business Administration from Northwestern University, Illinois, USA.

Antonio O. Cojuangco is the Chairman and/or President of various companies and organizations such as Ballet Philippines, CAP Life Insurance Corporation, Cinemalaya Foundation, Mantrade Development Corporation, Nabasan Subic Development Corporation, Philippine Trade Foundation, Inc., Radio Veritas, Tanghalang Pilipino, and Calatagan Bay Realty. He is also a Director in Tiger Resort Leisure and Entertainment Inc. He graduated Summa Cum Laude with an AB Economics degree from the Ateneo de Manila, and obtained a Master's in Business Administration from Stanford University.

Karlo Marco P. Estavillo is the Chief Operating Officer of the Company. Atty. Estavillo was Vice-President and General Manager of one of the operating business units in one of the largest conglomerates in the country, where he was also Corporate Secretary and Compliance Officer. He was likewise a member of the Board of Directors of a universal bank, as well as a top local insurance company. He served in various committees, including Audit, Trust, Legal Oversight, amongst others. He earned a Bachelor of Laws degree from the University of the Philippines and a Bachelor of Science in Business Management degree from the Ateneo de Manila University.

Wolfgang Krueger is the Executive Director of the Company. Prior to joining the Company in 2019, Mr. Krueger was the Executive Vice President for Shangri-La International Hotels Limited and looked after all the Shangri-La Hotels in Hong Kong, Philippines, Taiwan, Japan, Mongolia, Australia, and Fiji. He joined Shangri-La Group in 2001.

Benjamin Ivan S. Ramos is the President of ROI Corp., an investment company. He was previously the President of Powerbooks, Inc., and also President of Tokyo Tokyo, Inc., the largest Japanese fast food chain in the Philippines. He has an MBA from the Stanford Graduate School of Business.

CORPORATE GOVERNANCE

Shang Properties, Inc. and its Board of Directors have always recognized and effected the globally accepted three (3) basic principles of corporate governance: fairness, transparency, and accountability to all its stakeholders. Shang Properties adopted its Corporate Governance Manual and submitted this to the Securities and Exchange Commission in 2002.

The following sections demonstrate the Company's compliance with these principles as detailed in the Manual during the financial year ending 31 December 2025.

THE BOARD OF DIRECTORS

The Board is responsible for the leadership and control of the Company and oversees its businesses, strategic directions and financial performance. It sets and provides the role modeling for the Company's values and standards ensuring further that its obligations to the Company's shareholders are understood and met. To this end, it assumes responsibility for strategy formulation, corporate governance, and performance monitoring. The management is delegated with the authority and responsibility for the administration of the Company within the control and authority framework set by the Board. In addition, the Board has also delegated various responsibilities to the Executive Committee, the Audit Committee, and the Corporate Governance Committee. Further details of these committees are set out in this annual report.

The number of meetings held and the attendance record of the Board members at these meetings for the last two (2) years are as follows:

	2026*	2025	2024
Number of Board Meetings	1	4	4
Attendance			
Executives	100%	89%	82%
Independent Non-Executive	100%	92%	96%
Average	100%	90%	90%

*Meetings are held in the year to date

Board minutes, kept by the corporate secretary, are sent to the Directors for records, and are open for inspection.

Board Composition

The Board is currently composed of 10 Directors. The Directors are Edward Kuok Khoon Loong, Maximo G. Licuaco III, Cynthia R. Del Castillo, Cheng Wai Sin, Maria Rochelle S. Diaz, Alexandra Ramos-Padilla, Antonio O. Cojuangco, Karlo Marco P. Estavillo, Wolfgang Krueger, and Benjamin Ivan S. Ramos. The biographies of the Directors are set out on pages 36 and 37 of this annual report, which demonstrate a diversity of skills, expertise, experience, and qualifications.

Division of Responsibilities

The Board has appointed a Chairman who provides leadership in establishing policies and business directions. The Chairman ensures that the Board works effectively, discharges its responsibilities, and discusses all key and appropriate issues in a timely manner.

The Executive Directors are tasked with the day-to-day running of the Company and are responsible for the different aspects of Shang Properties' businesses. Non-Executive Directors bring strong independent judgment, knowledge and expertise to the Board's deliberations. Apart from their election, the Non-Executive Directors do not have any form of service contract with the Company on any of its subsidiaries.

The Independent Directors take an active role in Board meetings, participate in Board Committees, contribute to the development of strategies and policies, and take the lead if and when potential conflicts of interest arise.

Directors' Re-election and Removal

The Directors of the Company are elected during the annual general meeting and hold office for one (1) year or until their successors are elected and qualified.

Access to Information

All Directors are continually updated with legal and regulatory developments, regularly receive comprehensive information about business activities, financial highlights and operations review of the

Company's business and market changes, and developments so that they are up to date and are well informed during Board meetings and to facilitate in discharging their responsibilities. The Board members are provided with Board papers and relevant materials prior to the intended meeting date, including business and financial reports covering the Company's principal business activities and are at liberty to contact management for inquiries and to obtain further information, when the advice and services of the Corporate Secretary, who ensures that they receive appropriate and timely information for their decision-making and that Board procedures are being followed. The Directors can obtain independent professional advice at the Company's expense.

DELEGATION BY THE BOARD

Executive Committee

The Executive Committee meets regularly and operates as a general management committee chaired by Wolfgang Krueger, an Executive Director and Executive Assistant to the Chairman. The Executive Committee meets to discuss the corporate and development strategies of the Company.

Corporate Governance Committee

Pursuant to its Corporate Governance Manual, the Board created a Corporate Governance Committee. The committee acts in an advisory capacity and makes recommendations to the Board. It promulgates the guidelines or criteria to govern the conduct of the nominations of the Directors. The same is properly disclosed in the Company's information statement as well as any report that is submitted to the Securities and Exchange Commission.

ACCOUNTABILITY AND AUDIT

Financial Reporting

The Management is responsible for the preparation of the financial statements, which adopt generally accepted accounting standards in the Philippines, ensuring appropriate accounting policies have been used and applied consistently, and reasonable and

prudent judgments and estimates have been made. The auditing and reporting on the financial statements are the primary responsibility of the external auditor whose "Independent Auditor's Report" to the Board of Directors and shareholders is included in this Annual Report.

Towards the end of the year, the Board reviews the financial projections of the group for the financial year ending December 31 on any given year. The Management has continued to adopt a going concern basis in preparing the financial statements to ensure that any material uncertainties relating to events or conditions that may affect the Company's ability to manage effectively are met.

Internal Controls

The Board is responsible for maintaining an adequate system of internal controls and reviewing their effectiveness. The system of internal control is designed to facilitate effective and efficient operations, safeguard its assets, and ensure that the quality of internal and external reporting comply with applicable laws and regulations. In establishing internal controls, the Company has taken into consideration the nature and extent of the Company's business, operational and financial risks, the likelihood of realization of such risks, and the costs of implementing the relevant internal controls.

These internal controls are designed to manage, but not eliminate, the risk of failure to achieve business objectives and provide reasonable, but not absolute, assurance against the risks of material misstatement, fraud or losses.

During the year ended 31 December 2025, the Board, through the Audit Committee, reviewed the risks and evaluated the internal control framework that operates within the Company and considered that the system of internal controls in operation is effective.

More details on the Company's internal control framework and the Board's process to evaluate its system of internal controls is set out in the section headed internal controls on this page of this Annual Report.

Audit Committee

Pursuant to its Corporate Governance Manual, the Board created an Audit Committee in 2002. Each member is required to have at least an adequate understanding of or competence on most of the Company's financial management systems and environment. The major responsibilities of the Audit Committee are:

- To perform oversight functions over senior management in establishing and maintaining an adequate, effective and efficient internal control framework, systems and processes to provide reasonable assurance in areas including reporting, monitoring compliance with laws, regulations and internal policies, efficiency and effectiveness of operations and safeguarding of assets;
- To perform oversight functions over the Company's Internal and External Auditors, to ensure the independence and objectivity of Internal and External Auditors, and that they are given unrestricted access to all records, properties and personnel to enable them to perform their respective audit function;
- To review and monitor the effectiveness of the external audit process, taking into consideration relevant Philippine professional and regulatory requirements and review, at least annually, the performance, suitability and effectiveness of the external auditors;
- To review and approve the Financial Statements of the Company before their submission to the Board with particular focus on (a) any change/s in accounting policies and practices; (b) areas where a significant amount of judgement has been exercised; (c) significant adjustments resulting from the audit; (d) going concern assumptions; (e) compliance with accounting standards; and (f) compliance with tax, legal, and regulatory requirements.

The number of meetings held and the attendance record of the Committee members at these meetings for the last three (3) years are as follows:

Audit Committee Meetings	2026*	2025	2024
No. of Meetings	1	4	4
Attendance	100%	100%	92%

*Meetings are held in the year to date

Auditor's Remuneration

During the financial year ended 31 December 2025, the fees paid/payable to the External Auditor in respect of the audit and non-audit services provided by the External Auditor to the Company amounted to PhP4,666,000.

INTERNAL CONTROLS

The Board is responsible for maintaining and reviewing the adequacy and effectiveness of the Company's system of internal controls. The internal controls are designed to meet the Company's particular needs, minimize the risks to which it is exposed, manage rather than eliminate the risks to achieve business objectives, and provide reasonable but not absolute assurance against misstatements or losses. The Company's internal control framework covers (i) the setting of objectives, budgets, and targets; (ii) the establishment of regular reporting of financial information, in particular, the tracking of deviations between actual performances and budgets/targets; (iii) the delegation of authority; and (iv) the establishment of clear lines of accountability.

Strategies and objectives of the Company as a whole are determined by the Board. Budgets are prepared annually and reviewed by the Board. In implementing these strategies and achieving these objectives, each Executive Director has specific responsibilities for monitoring the conduct and operations of individual business units within the Company. This includes the review and approval of business strategies and plans, the setting of business-related performance targets as well as the design and implementation of internal controls. Periodic financial information is provided to the Executive Directors. Variance analysis between actual performances and targets is prepared and documented for discussion at Board meetings, with explanations between actual performances and budgets / targets. This helps the Board and the Company's Management to monitor its business operations and to plan on a prudent and timely basis. Other regular and ad hoc reports are prepared for the Board and to various committees, to ensure that the Directors are provided with all the requested information in a timely and appropriate manner.

To allow for delegation of authority as well as to enhance segregation of duties and accountability, a clear organizational structure exists detailing different levels of authority and control responsibilities within each business unit of the Company. Certain specific matters are reserved for the Board's decision and cannot be delegated. These include, among others, the approval of annual and interim results, annual budgets, capital structure, declaration of dividends, material acquisitions, disposals and capital expenditures, Board structures and its composition and succession.

In addition, the Board also monitors the Company's governance system, risk management process and system of internal controls through internal audits. An internal audit plan is formulated based on a risk-based audit approach with focus on areas with relatively higher perceived risks, in consultation with the Company's senior management.

The internal audit plan is approved by the Audit Committee at the end of the preceding financial year, and mid-year updates are done whenever deemed necessary. The internal audit team reviews the company's business operations and processes covering operational, financial and compliance audits on a continuing basis, and aims to cover the major business operations and those areas with relevant and significant risks for the audit period. During the audit reviews, the internal audit team assures that appropriate controls are present or existing and are operating effectively, and that any deficiencies or irregularities noted are rectified.

The internal audit team functionally reports directly to the Audit Committee. Accordingly, regular internal audit reports are circulated to the Audit Committee members, the senior management, and the concerned business unit head.

COMMUNICATION WITH SHAREHOLDERS

Investor Relations

Communication Channels

In order to develop and maintain a continuing investor's program with its shareholders, the Company has established various channels of communication:

- i) Shareholders can raise any comments on the performance and future directions of the Company with the Directors at the Annual General Meeting.
- ii) The Company distributes the annual results to shareholders.
- iii) The Company's website www.shangproperties.com contains important corporate information, biographical details of Directors and senior management, organizational structure, annual and interim reports, major historical developments with comprehensive and user-friendly information about the Company's shareholders and the investor community to have timely access to updated information.
- iv) Shareholders and members of the investor community are welcome to raise enquiries through the Legal Department, whose contact details are available in the Company's website www.shangproperties.com.

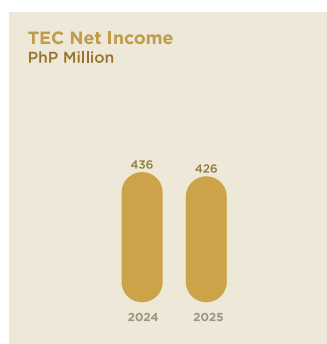

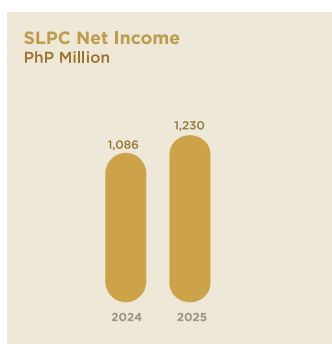

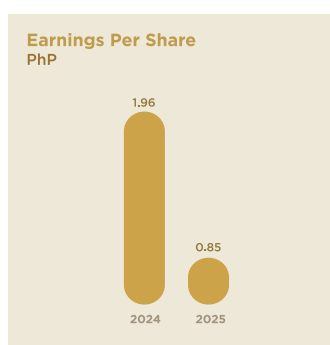

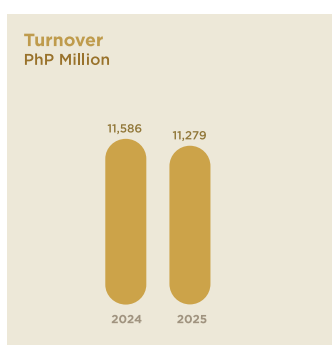

General Meetings

1. The General Meeting provides a forum for the Board to communicate with the shareholders of the Company.
2. To facilitate enforcement of shareholders' rights, significant issues are dealt with under separate resolutions at general meetings.
3. The 2025 Annual Stockholders' Meeting of the Company was held on 17 June 2025 at Edsa Shangri-La Manila. The following resolutions were passed during the meeting:
 1. Approval of the Minutes of the Annual Meeting of the Stockholders held on 18 June 2024.
 2. Election of Directors for the year 2025-2026.
 3. Appointment of External Auditor

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

SECURITIES AND EXCHANGE COMMISSION
SEC Building, EDSA Greenhills Mandaluyong City

The management of SHANG PROPERTIES INC is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein, for the years ended December 31, 2025, 2024 and 2023, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Isla Lipana and Co., the independent auditors appointed by the stockholders, has audited the consolidated financial statements of the Company in accordance with the Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

Edward Kuok Khoon Loong
Chairman of the Board

Wolfgang Krueger
Executive Director

Alok Agarwal
Group Director of Finance

Signed this 18th day of March, 2026

AUDIT COMMITTEE REPORT

For the year ended 31 December 2025

The Audit Committee of The Board has been established since 2002 is composed of three (3) Non-executive Directors, of whom two (2) are independent directors. The chair of the Audit Committee is an independent director.

The Audit Committee operates pursuant to the approved Audit Committee Charter. In general, the Audit Committee is responsible for assisting the Board in its responsibilities in monitoring the integrity of the Group's financial reporting process, the financial statements and financial reports of the Company, the compliance with legal and regulatory requirements, the external auditor's qualifications and independence, and the performance of the Group's internal audit department and external auditor.

In performing its responsibilities, set out below is a summary of the work performed by the Audit Committee during the financial year ended 31 December 2025.

- (i) The Audit Committee reviewed the draft annual and interim financial statements and the draft results announcements of the Company, focusing on main areas of judgment, consistency of and changes in accounting policies and adequacy of information disclosure prior to recommending them to the Board for approval.
- (ii) The Audit Committee reviewed, in conjunction with the external auditor, the development of accounting standards and assessed their potential impact on the Group's financial statements.
- (iii) The Audit Committee assessed the independence of the Company's external auditor, prior to formally engaging the external auditor to carry out the audit for the Company's financial statements for the year ended 31 December 2025.
- (iv) Prior to the actual commencement of the audit, the external auditor discussed the proposed scope of work and approach of the audit with the Audit Committee. Upon completion of the audit, the Audit Committee reviewed the results of the external audit and discussed with the external auditor any significant findings and audit issues.
- (v) The Audit Committee recommended to the Board regarding the appointment and remuneration of the external auditor.
- (vi) The Audit Committee reviewed and approved the internal audit plan, reviewed, and discussed

the significant and material audit issues from the internal audit reports with the internal audit team and the Group's senior management.

- (vii) The Audit Committee reviewed and approved the Internal Audit Charter, reviewed the independence of the internal audit function and the level of support and cooperation given by the Group's management to the internal audit team, as well as the resources of the internal audit team when undertaking its duties and responsibilities.
- (viii) The Audit Committee reviewed the adequacy and effectiveness of the Group's systems of internal controls, through oversight into the work undertaken by the Group's internal and external auditor, and written representations by the senior management of each of the Group's business units and discussions with the Board.

During the financial year ended 31 December 2025, the Audit Committee met four (4) times. The Audit Committee also conducted meetings with the Group's senior management, the external auditor, and the internal audit team from time to time. Minutes of the Audit Committee Meetings are documented and circulated to the Board for information. The Audit Committee also reports and presents its findings and makes recommendations for consideration and discussion at Board meetings.

The Audit Committee reviewed the audited financial statements of the Group for the year ended 31 December 2025 prior to recommending them to the Board for approval.

Members of the Audit Committee:

Mr. Benjamin Ivan S. Ramos

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Shareholder of
Shang Properties, Inc.
Administration Office, Shangri-La Plaza Mall
EDSA corner Shaw Blvd.
Mandaluyong City

Report on the Audits of the Financial Statements

Our Opinion

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Shang Properties, Inc. (the "Parent Company") and its subsidiaries (together, the "Group") as at December 31, 2025 and 2024, and its consolidated financial performance and its cash flows for each of the three years in the period ended December 31, 2025 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

What we have audited

The consolidated financial statements of the Company comprise:

- the consolidated statements of financial position as at December 31, 2025 and 2024;
- the consolidated statements of comprehensive income for each of the three years in the period ended December 31, 2025,
- the consolidated statements of changes in equity for each of the three years in the period ended December 31, 2025,
- the consolidated statements of cash flows for each of the three years in the period ended December 31, 2025; and
- the notes to the financial statements, comprising material accounting policies and other explanatory information.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to our audits of the consolidated financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the consolidated financial statements. In particular, we considered where management made subjective judgments; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters, consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the consolidated financial statements as a whole, taking into account the structure of the Group, the accounting processes and controls, and the industry in which the Group operates.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarized as follows:

- Valuation of investment properties; and
- Revenue recognition on condominium sales based on percentage of completion (PoC).

Key Audit Matters	How our Audit Addressed the Key Audit Matters
<p>a) Valuation of investment properties</p> <p>Refer to Note 10 to the consolidated financial statements for the details of the investment properties and discussion on critical accounting estimates and assumptions.</p> <p>As at December 31, 2025, total investment properties, carried at fair value, amounts to P50 billion which accounts for about 52% of the total consolidated assets of the Group. The determination of fair values by an external appraiser involves significant estimation using assumptions such as property prices for similar market listings in the area, occupancy rate, rental value, expense-revenue ratio and discount rate. A fair value assessment is performed regularly based on the requirements of PFRS 13, Fair Value Measurement, and Philippine Accounting Standards (PAS) 40, Investment Property.</p>	<p>We have addressed the matter by obtaining the latest appraisal reports.</p> <p>We have assessed the appropriateness of the valuation methodology used as well as the reasonableness of the significant inputs and assumptions used in the fair valuation. In particular, comfort over the reliability of the appraisal reports was obtained through independent verification of significant fair value assumptions and inputs specifically:</p> <ul style="list-style-type: none"> • similar market listing in the area by comparing to records of recent sales and offerings of similar properties; • occupancy rate by agreeing to management's records and historical actual information; • expense-revenue ratio by comparing to the historical experience of the Group's leasing operations; • rental value by comparing to prevailing market rents on leasing transactions of comparable properties; and • discount rate by comparing to published market yields. <p>We have also assessed the reasonableness of these assumptions given the current market and economic conditions.</p> <p>We have evaluated the competence, capabilities and objectivity of the independent appraiser engaged by the Group by reviewing its profile, licenses and client portfolio.</p> <p>We have also verified the appropriateness and sufficiency of the disclosures in accordance with PFRS 13 and PAS 40.</p>

Key Audit Matters	How our Audit Addressed the Key Audit Matters
<p>b) Revenue recognition on condominium sales based on PoC as a measure of progress</p> <p>Refer to Note 6 to the consolidated financial statements for the discussion on critical accounting estimates and assumptions.</p> <p>The revenue arising from condominium sales for the year ended December 31, 2025, amounts to P3.6 billion which accounts for about 32% the consolidated revenues. It is, therefore, material to the consolidated financial statements.</p> <p>Revenue from sale of condominium is recognized over time using the output method in accordance with the guidance set in PFRS 15, Revenue from contracts with customers, and Philippine Interpretations Committee Questions and Answers (PIC Q&A) 2016-04. Under the output method, revenue is calculated with reference to the PoC of the project. In the case of the Group, PoC is determined based on the actual physical completion of the project. Hence, revenue recognition on condominium sales requires significant judgment and estimation.</p>	<p>We have addressed the matter by understanding the process employed by the Group in estimating the actual physical completion of the condominium project as performed by independent quantity surveyors. We have evaluated the competence, capabilities, and objectivity of the independent quantity surveyors engaged by the Group by reviewing their profile, professional licenses, and client portfolio.</p> <p>We have examined the detailed accomplishment reports that provide information and analysis about the status of ongoing projects to validate the accuracy of the percentage of completion (POC) estimate. Additionally, we conducted site visits and interviews with project engineers and inspected relevant contracts, contractors' billings, invoices, and other supporting documents to assess the reasonableness of the percentage of completion. After obtaining comfort over the reasonableness of the POC as determined by the surveyors, the engagement team validated the POC used by agreeing it to the POC determined by the independent quantity surveyors and recomputed revenue accordingly.</p>

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report, but do not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

Independent Auditor's Report
To the Board of Directors and Shareholders of
Shang Properties, Inc.
Page 8

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Zaldy D. Aguirre.

Shang Properties, Inc. and Subsidiaries

Notes to the Consolidated Financial Statements

As at December 31, 2025 and 2024

and for each of the three years in the period ended December 31, 2025

(All amounts are shown in thousands of Philippine Peso unless otherwise stated)

1 General information

Shang Properties, Inc. (the "Parent Company"), a corporation duly organized and existing in the Philippines, was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on October 21, 1987 to acquire, own, develop, subdivide, sell, mortgage, exchange, lease or hold for investment, real estate of all kinds.

The Parent Company's registered office address, which is also its principal place of business, is at Administration Office, Shangri-La Plaza Mall, EDSA corner Shaw Boulevard, Mandaluyong City.

The Parent Company and its subsidiaries' (together, the "Group") businesses include property investment and development, hotel operations, real estate management, leasing, mall and carpark operations, and other supplementary businesses.

Geopolitical Uncertainty

Subsequent to the reporting date, armed conflicts arising from geopolitical tensions in the Middle East increased volatility in global markets and disrupted certain trade routes. Management assessed that these developments did not have material impact on the Group's financial position or results of operations as of December 31, 2025, based on information currently available. However, the situation continues to evolve and may affect future performance and financial position, depending on its duration and wider economic effects. Management will continue to monitor developments and will refile material impacts in future reporting periods.

The consolidated financial statements have been approved and authorized for issue in accordance with a resolution of the Board of Directors dated March 18, 2026. There are no material events from the date of the approval of these financial statements up to March 23, 2026.

2 Segment information

The Group's operating businesses are organized and managed according to the nature of the products and services marketed. Each segment represents a strategic business unit that offers different products and serves different markets. The Group has operations only in the Philippines. The Group derives revenues from three (3) main segments as follows:

(a) Property development

This business segment pertains to the development and sale of condominium units. The subsidiaries operating in this segment are as follows:

- Shang Properties Realty Corporation ("SPRC") is the developer of The Shang Grand Tower Project (TSGT), located in Makati City, The St. Francis Shangri-La Place Project (TSFSP) and One Shangri-La Place Project (OSP), both located in Mandaluyong City and Shang Bauhinia Residences Project (SBR) located in Cebu City.
- Shang Property Developers, Inc. ("SPDI") is the developer of Shang Salcedo Place Project (SSP), located in Makati City.
- The Rise Development Company Inc. ("TRDCI") is the developer of The Rise Makati Project, located in Makati City.
- Shang Wack Wack Properties, Inc. ("SWWPI") is the developer of Shang Residences at Wack Wack Project, located in Mandaluyong City.
- SPI Property Holdings, Inc. ("SPI-PHI") is the developer of Laya Project in Pasig City.

- SPI Land Development, Inc. ("SPI-LDI") is the developer of Shang Summit Project in Quezon City.

On October 23, 2024, The Parent Company acquired, for a total consideration of P2.53 billion, 100% of the issued share capital of SPI Realty Inc.(SPIRI), formerly, RapidShare Realty and Development Corporation (RRDC), a company primarily engaged in the development, sale, and lease of real estate properties.

(b) Hotel operations

This business segment pertains to the operations of Shangri-La at the Fort's hotel and residences. Shang Global City Properties, Inc. ("SGCPI") is the developer of Shangri-La at the Fort Project, located in Taguig City. SGCPI's hotel and restaurant operations started commercial operations on March 1, 2016.

(c) Leasing

This business segment pertains to the rental operations of the Shangri-La Plaza Mall, The Enterprise Center ("TEC") and their related carpark operations as operated by Shangri-La Plaza Corporation ("SLPC"), KSA Realty Corporation ("KSA") and SPI Parking Services, Inc. ("SPSI"), respectively. It also includes rental of a portion of the Parent Company's land to EDSA Shangri-La Hotel and Resort, Inc. ("ESHRI") and cinema operations of Shangri-La Plaza Mall.

In 2019, the Parent Company started construction of the One Shang Central, formerly, Shang One Horizon. The project is located in the City of Mandaluyong and is expected to be completed in 2028. Upon completion, the project will be subsequently leased out to third parties and related parties.

(d) Other business segments

Other business segments pertain to property management services and operations of real estate entities and other subsidiaries. Except for the rental revenue from ESHRI, all revenues come from transactions with third parties. There are no revenues derived from a single external customer above 10% of total revenue in 2025, 2024, and 2023. There is no need to present reconciliation since measure of segment assets, liabilities and results of operations are consistent with those of the consolidated financial statements.

All revenues are from domestic entities incorporated in the Philippines; hence, the Group did not present geographical information required by PFRS 8, *Operating Segments*.

There are no changes in the Group's reportable segments and related strategies and policies in 2025, 2024, and 2023.

The segment assets, liabilities and results of operations of the reportable segments of the Group as at and for the year ended December 31, 2025 are as follows:

	Property development	Hotel operations	Leasing	Others	Total segments	Eliminations	Consolidated

Capital expenditures for the year (Notes 10 and 12)							

3 Cash and cash equivalents

Cash and cash equivalents as at December 31 consist of:

	2025	2024
Cash on hand	5,442	75,143
Cash in banks	1,425,603	1,250,293
Cash equivalents	3,039,153	1,846,204
	4,470,198	3,171,640

Cash in banks earned interest at prevailing bank deposit rates.

Cash equivalents are made for varying periods between one day and three months, depending on the immediate cash requirements of the Group, and earn interest at the prevailing short-term deposit rates.

Interest income earned for the year ended December 31, 2025 amounted to P49.8 million (2024 – P40.6 million; 2023 – P22.1 million) (Note 24).

The carrying amounts of the Group's cash and cash equivalents are generally denominated in Philippine Peso, US Dollar and Hong Kong Dollar. The Group's foreign currency denominated cash and cash equivalents as at December 31 are as follows:

	2025			2024		
	Foreign currency	Exchange rate	Peso equivalent	Foreign currency	Exchange rate	Peso equivalent
US Dollar	1,132	55.57	62,929	1,289	58.01	74,775
HK Dollar	1,106	7.46	8,246	1,091	7.47	8,150
CN Yuan	6	8.39	54	-	-	-

The realized and unrealized exchange losses for the years ended December 31 included within Other income in the consolidated statement of comprehensive income are as follows:

	2025	2024	2023
Foreign exchange (losses) gains			
Realized	(19,026)	(19,254)	(12,303)
Unrealized	2,709	3,536	2,108
	(16,317)	(15,718)	(10,195)

4 Financial assets at fair value through profit or loss

This account represents equities that are listed in the Philippine Stock Exchange (PSE). Movements in the account for the years ended December 31 are as follows:

	Note	2025	2024
At January 1		32,895	35,405
Gain on fair value adjustment	24	4,439	(2,510)
At December 31		37,334	32,895

The fair values have been derived based on current bid prices in the PSE (Level 1 valuation). The fair value adjustment is included in Other Income in the statements of comprehensive income.

5 Receivables

Receivables, net, as at December 31 consist of:

	2025	2024
Trade		
Installment contracts receivable	2,682,795	5,731,178
Rent receivables	290,145	158,039
Receivables from guests and concessionaires	237,292	181,441
Non-trade		
Related parties	2,692,590	2,351,603
Advances to officers and employees	6,372	4,854
Interest	16,753	5,865
Others	106,372	41,925
	6,032,319	8,474,905
Allowance for impairment of receivables	(765,047)	(765,285)
	5,267,272	7,709,620

Installment contracts receivable arises from sale of condominium units in the Group's ordinary course of business and pertains to the portion of transaction price, excluding the significant financing component. Contract receivables are collectible within a period based on the payment schedule agreed with the buyers. The related significant financing component is recognized as part of finance income in the statement of comprehensive income.

Rent receivables pertain to rental fees charged to tenants and are non-interest bearing. The normal credit terms range from 30 to 60 days.

Receivables from guests and concessionaires pertain to receivables arising from hotel, restaurant and rental services. These are usually due within 30 days and do not bear any interest.

Advances to officers and employees are normally settled within the next financial year.

Other receivables are non-interest bearing and consist of income from non-tenant related receivables.

Movements in allowance for impairment of receivables for the years ended December 31 are as follows:

	Note	2025	2024
At January 1		765,285	13,023
Provision for related party receivable	28	-	751,977
(Recovery) Provision for other receivables		(238)	285
At December 31		765,047	765,285

The Group's receivables are all denominated in Philippine Peso.

There were no receivables pledged as collaterals as at December 31, 2025 and 2024.

6 Properties held for sale

Properties held for sale as at December 31 consist of:

	2025	2024
Condominium units held for sale	1,222,132	371,462
Project under development held for sale	8,058,461	8,025,136
	9,280,593	8,396,598

(a) Condominium units held for sale

This account represents accumulated costs of completed residential units, parking slots and storage units (Note 1) that are being held for sale.

Condominium units sold in 2025 amounted to P3.6 billion (2024 – P4.6 billion; 2023 – P3.1 billion). The related cost of condominium units sold amounted to P2.4 billion in 2025 (2024 – P2.0 billion; 2023 - P1.2 billion) (Note 21).

(b) Project under development held for sale

This account represents the accumulated actual construction costs of unsold units of ongoing condominium projects. The movements in this account as at December 31 are as follows:

	2025	2024
Land	3,450,343	3,841,369
Development costs	2,973,405	2,965,498
Professional and consultancy costs	709,264	536,522
Project management costs	682,928	653,923
Others	242,521	27,824
	8,058,461	8,025,136

In 2024, transfers were made to investment property relating to construction and development costs incurred during the period attributable to the retail portion of The Rise Makati condominium (Note 10) amounting to P121,642. This is considered a non-cash transaction.

Critical accounting estimate - Estimation of net realizable value (NRV) of properties held for sale

Properties held for sale are carried at the lower of cost or net realizable value. The net realizable value of completed condominium units is the estimated selling price of a condominium unit less estimated costs necessary to make the sale. While the net realizable value of condominium units under construction is the estimated selling price of a condominium unit less estimated costs to complete the construction, estimated time value of money to the date of completion and estimated costs necessary to make the sale.

NRV has been assessed to be higher than cost based on circumstances or conditions as at December 31, 2025 and 2024. Accordingly, no write-down is deemed necessary.

Critical accounting estimates - Estimation of percentage-of-completion of the Group's projects

Revenue from condominium sales is recognized based on the percentage of completion in accordance with the guidance set in PFRS 15, Revenue from contracts with customers, and Philippine Interpretations Committee Questions and Answers (PIC Q&A) 2016-04. PoC is calculated with reference to different determinants of completion including actual physical completion as well as cost incurred and/or paid. The process of calculating PoC involves a significant degree of estimates and requires technical assessments by experts and consultants who specializes in PoC computations. Management believes that revenue from condominium sales reported in the statement of total comprehensive income best reflects the PoC of the projects as at reporting date.

The Group's on-going projects and their PoC as at the reporting dates are as follows:

Projects	2025	2024
Shang Residences at Wack Wack	100%	96%
Laya by Shang	36%	22%
Shang Summit	21%	7%
Shang Bauhinia Residences	14%	5%

Critical accounting judgment - Collectability of the transaction price

Identification of a "contract" for particular real estate sale transaction in the context of PFRS 15 requires certain judgments based on the collectability of the transaction price. Collectability of the transaction price is demonstrated by the buyer's commitment to pay which, in turn, is supported by substantial initial and continuing investments that gives the buyer a sufficient stake in the property that risk of loss through default motivates the buyer to honor his obligation. Collectability is also assessed by considering factors such as the credit standing of the buyer, age, and location of the property. For condominium sales, in determining whether the contract prices are collectible, the Company considers that initial and continuing investments by the buyer of about 5% would demonstrate the buyer's commitment to pay, based on historical data.

7 Prepayments and other current assets

Prepayments and other current assets as at December 31 consist of:

	2025	2024
Advances to contractors and suppliers	3,237,083	1,837,982
Input value added tax (VAT)	640,793	512,670
Creditable withholding tax (CWT)	626,763	664,704
Prepaid commission	590,918	132,033
Consumables and supplies	28,609	34,578
Prepaid insurance	14,851	8,102
Deferred input VAT	3,756	5,778
Other prepaid expenses	218,257	196,706
	5,361,030	3,392,553

Advances to contractors and suppliers pertain to initial payments made by the Group for the construction and development of its condominium projects. These are applied as payments of progress billing by the contractors and suppliers based on milestones or percentage of accomplishment or delivery as stipulated in the contracts.

CWT is the tax withheld by withholding agents from payments to the Group which can be applied against income tax payable.

Prepaid commission represents the unamortized portion of commissions paid to property consultants and brokers in connection with the acquisition of customers' contracts. This account is treated as a fulfilment cost under PFRS 15 and is amortized and charged to expense based on the project's percentage of completion.

Input VAT represents tax paid to suppliers that can be claimed as credit against the future output VAT liabilities and has no expiration.

Consumables and supplies consist of food, beverages and other recreational consumable items for the hotel operations.

Other prepaid expenses mainly consist of advance payments for rent, staff accommodation rentals, software support, refundable deposits, and other expenses which are normally utilized within the next financial year.

8 Investments in and advances to associates and a joint venture

This account as at December 31 consist of:

	2025	2024	2023
Investment in a joint venture			
At January 1	7,260,375	5,629,057	3,157,821
Impact of change in accounting for significant financing component and borrowing cost of joint venture	-	(890,855)	-
Share in net income for the year	1,353,587	2,526,569	2,460,747
Others	(46,038)	(4,396)	10,489
At December 31	8,567,924	7,260,375	5,629,057
Advances to a joint venture	385,096	1,990,096	2,590,096
Investments in various associates	133	133	133
	8,953,153	9,250,604	8,219,286

(a) Investment in and advances to a joint venture

On March 22, 2018, the Parent Company entered into a Joint Venture Agreement (the "Agreement") with Robinsons Land Corporation (RLC) for the construction and development of a mixed-use condominium project (known as Aurelia Residences). Within two (2) months from the effective date of the Agreement, the parties shall establish the joint venture company ("JVC") and shall execute the Articles and By-Laws of the JVC. On May 23, 2018, the SEC approved the Certificate of Incorporation of Shang Robinsons Properties, Inc. (SRPI). SRPI is jointly controlled by the Parent Company and RLC, each holding 50% interest.

The registered office address of SRPI, which is also its principal place of business, is at Cyber Sigma, Lawton Avenue, Taguig City.

The authorized capital stock of SRPI is P3 billion divided into 3 billion common shares with par value of P1 per share. On April 19, 2018, the Parent Company subscribed and paid in full the amount of P1 billion equivalent to 1 billion common shares at P1 per share.

SRPI is engaged in: (i) the business of developing properties into mixed-use developments, (ii) the marketing and sale of the residential condominium units in the project, (iii) and the lease of serviced apartment units and/or commercial units in the project.

SRPI launched Aurelia Residences, it's first project, in 2019. As at December 31, 2025, the Aurelia Residences Project is 98% complete (2024 - 89%). In 2020, the Parent Company and RLC entered into another joint venture agreement to develop a parcel of land located at the Bridgetowne Estate in Pasig City. The project (known as Haraya Residences) was launched in 2023. As of December 31, 2025 Haraya Residences - South Tower is 39% completed (2024 - 20%) while the North Tower is 35% completed (2024 - 7%).

In 2019, the Parent Company extended advances totaling P1.0 billion to SRPI, bearing interest at 4% and originally maturing on April 1, 2023, to fund SRPI's working capital requirements. Upon maturity, P750 million was collected, while the remaining balance was mutually agreed to be collectible at a future date to be subsequently determined by both parties.

Between 2021 and 2024, additional advances aggregating P1.74 billion were extended to SRPI under the same interest terms. In 2025, of the total advances to the joint venture amounting to P1.9 billion, the Group collected P1.6 billion.

Interest income earned from these advances amounted to P86.1 million in 2025 (2024 - P75.1 million; 2023 - P91.9 million) (Note 24).

Summarized financial information of SRPI as at and for the years ended December 31 are presented below:

	2025	2024
Cash and cash equivalents	1,723,839	241,383
Other current assets	20,506,919	15,405,316
Current assets	22,230,758	15,646,699
Non-current assets	2,505,268	7,174,495
Total assets	24,736,026	22,821,194
Financial liabilities (excluding trade payables)	4,115,334	1,934,880
Other current liabilities	495,849	406,059
Current liabilities	4,611,183	2,340,939
Non-current financial liabilities (excluding trade payables)	856,717	3,781,693
Other non-current liabilities	2,132,561	2,300,198
Non-current liabilities	2,989,278	6,081,891
Total liabilities	7,600,461	8,422,830
Net assets	17,135,565	14,398,364
Revenue	5,775,891	10,799,033
Depreciation and amortization	1,639	1,568
Interest income	967,791	800,079
Interest expense	(176,094)	(200,515)
Income tax expense	(518,959)	(1,302,286)
Net income for the year	2,737,200	5,053,138
Other comprehensive income for the year	-	-
Total comprehensive income for the year	2,737,200	5,053,138

The reconciliation of SRPI's net assets multiplied by the ownership interest and the carrying amount of each investment as at December 31, are shown in the table below:

	2025	2024
Net assets	17,135,565	14,398,364
Effective ownership interest	50%	50%
	8,567,782	7,199,182
Additional investments	142	61,193
	8,567,924	7,260,375

(b) Investments in various associates

The Group also has interests in a number of individually immaterial associates that are accounted for using the equity method.

Critical accounting judgment - Recoverability of investment and advances

The Group's investments in associates and a joint venture are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. An impairment loss would be recognized whenever evidence exists that the carrying value is not recoverable. Management has assessed that all investments and advances are fully recoverable as there are no impairment indicators as of reporting date.

Significant accounting judgment - joint control assessment

Management has assessed that in the joint venture agreement, the contractual arrangement gives the investors control of the arrangement collectively, and decisions about the relevant activities require the unanimous consent of both entities, and therefore, joint control exists. Furthermore, the rights and obligations considering the structure and legal form of the arrangement indicates that the Parent Company has rights to the net assets of SRPI and therefore, the arrangement is classified as a joint venture.

(c) Acquisition

On October 23, 2024, The Parent Company acquired 100% of the issued share capital of Rapidshare Realty and Development Corporation (RRDC) for a cash consideration of P2,526,268,000. RRDC is a company primarily engaged in the development, sale, and lease of real estate properties. The acquisition is accounted for as an asset acquisition.

The assets and liabilities recognized as a result of the acquisition are as follows:

	Amount
Cash	40
Raw land inventory	229,806
Prepayments and other current assets	15,756
Investment property, net	385,739
Deferred tax assets, net	415
Net assets acquired	631,756

Purchase consideration – cash outflow

	Amount
Cash consideration	2,526,268
Less: Cash balance acquired	40
Net outflow of cash – investing activities	2,526,228

There were no acquisitions in the year ended December 31, 2025.

9 Non-controlling interests

The proportion of equity interest held by the non-controlling interest (NCI) of KSA and SGCP, the Group's subsidiaries with NCI that are deemed material, are as follows:

	2025	2024
KSA	29.96%	29.96%
SGCP	40.00%	40.00%

The summarized financial information of subsidiaries with material NCI are provided below. The information is based on amounts before inter-company eliminations.

Dividends amounting to P1.28 billion were declared and paid by SGCP in 2025 (P1.29 billion – 2024).

10 Investment properties

This account consists of properties that are either held for capital appreciation or for rental purposes or both. The Group's investment properties are carried at fair value. Details of this account as at December 31 are as follows:

	Note	Land	Buildings	Construction in Progress	Total
At January 1, 2024		15,467,969	19,169,703	2,651,601	37,289,273
Transfers due to change in use from properties held for sale	6	-	121,643	-	121,643
Capitalized subsequent expenditures		2,472,078	56,763	2,053,953	4,582,794
Fair value gain		4,800,837	399,868	-	5,200,705
At December 31, 2024		22,740,884	19,747,977	4,705,554	47,194,415
Transfers due to change in use from properties held for sale	6	-	-	-	-
Capitalized subsequent expenditures		-	-	2,885,762	2,885,762
At December 31, 2025		22,740,884	19,747,977	7,591,316	50,080,177

In 2024, transfers arising from the change in use from properties held for sale relate to construction and development costs incurred during the period attributable to the retail component of The Rise Makati condominium (Note 6).

Construction in progress pertain to the construction and development costs incurred One Shang Central Project, previously disclosed as Shang One Horizon Project.

As at December 31, 2025 and 2024, the fair values of the properties are based on valuations performed by an independent external appraiser engaged by the management. The valuation models are in accordance with that recommended by the International Valuation Standards Committee.

The Group has no restrictions on the realizability of its investment properties and no contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

The current use of these properties is their highest and best use.

The amounts recognized in the consolidated statements of comprehensive income for investment properties for the years ended December 31 are as follows:

	2025	2024	2023
Rental revenue	2,842,802	2,655,471	2,516,453
Cinema revenue	34,216	28,949	23,987
Total rental and cinema revenue	2,877,018	2,684,420	2,540,440
Cost of rental and cinema	(96,312)	(101,776)	(70,883)
Profit arising from investment properties carried at fair value	2,780,706	2,582,644	2,469,557

Cost of rental and cinema include share in common expenses, real property taxes and insurance expenses (Note 21).

The Group (as a lessor) has cancellable lease agreements with third parties covering the freehold buildings and their improvements. The lease arrangements are either (a) fixed monthly rent, or (b) minimum rent or a certain percentage of gross revenue, whichever is higher.

Critical accounting estimate and assumption - Determination of fair values of investment properties

Information on the fair value of investment property as at December 31 as to hierarchy is as follows:

Fair value of hierarchy	2025			
	Land	Buildings	Construction in Progress	Total
Level 2	14,720,708	1,681,006	7,591,316	23,993,030
Level 3	8,020,176	18,066,971	-	26,087,147
Total	22,740,884	19,747,977	7,591,316	50,080,177

Fair value of hierarchy	2024			
	Land	Buildings	Construction in Progress	Total
Level 2	14,720,708	1,681,006	4,705,554	21,107,268
Level 3	8,020,176	18,066,971	-	26,087,147
Total	22,740,884	19,747,977	4,705,554	47,194,415

(a) Fair value of condominium units and other properties (Level 2)

The fair values of the Group's condominium units and properties are determined using the market comparison approach (Level 2). Under the market comparison approach, a property's fair value is estimated based on comparable transactions adjusted for bargaining allowance, marketability, location, size and terrain. The market comparison approach is based upon the principle of substitution under which a potential buyer will not pay more for the property than it will cost to buy a comparable substitute property. In theory, the best comparable sale would be an exact duplicate of the subject property and would indicate, by the known selling price of the duplicate, the price for which the subject property could be sold.

These investment properties relate to individually immaterial land and building properties whose fair values have been determined in the prior years and are subject to reassessment in accordance with the Group's accounting policy. For sensitivity analysis purposes, any +/- 1% change in market rental value per square meter would increase/decrease total assets and pre-tax income in 2025 by P240 million (2024 – P211 million).

(b) Fair value of retail and office spaces (Level 3)

The following table presents the valuation techniques and unobservable key inputs used to value the following investment properties:

Investment property type	Fair value as at December 31, 2025 and 2024	Valuation technique	Unobservable inputs	Range of unobservable inputs (probability - weighted average)	Relationship of unobservable inputs to fair value
Building (The Enterprise Center (Office))	P10,663,731	Direct income capitalization	Rental value	P1,680 per square meter (2024 - P1,680)	The higher the rental value and occupancy rate, the higher the fair value. The higher the expense- revenue ratio and discount rate, the lower the fair value.
			Occupancy rate	95% (2024 - 95%)	
			Expense-revenue ratio	5.55% (2024 - 5.55%)	
			Discount rate	11.37% (2024 - 11.37%)	
Land and building (Main wing and east wing of Shangri-La Plaza mall (Retail), including the land where the property is located)	P15,423,416 (Land – P 8,020,176; Building – P7,403,240)	Direct income capitalization	Rental value	P1,520 per square meter (2024 - P1,520)	The higher the rental value and occupancy rate, the higher the fair value. The higher the expense- revenue ratio and discount rate, the lower the fair value.
			Occupancy rate	97.5% (2024 – 97.5%)	
			Expense-revenue ratio	17% (2024 - 17%)	
			Discount rate	8.86% (2024 – 8.86%)	

The fair values of these properties are calculated using the direct income capitalization approach (Level 3). In applying the direct income capitalization approach, the stabilized net operating income (NOI) of each property is divided by an appropriate capitalization rate. Stabilized NOI is computed at revenue less property operating expenses adjusted for items such as average lease up costs, long-term vacancy rates, non-recoverable capital expenditures, management fees, straight-line rents and other non-recurring items. Discount rate is based on actual location, size and quality of the property and considering any available market data at the valuation date.

Generally, an increase in stabilized NOI will result in an increase in the fair value of an investment property. An increase in the discount rate will result in a decrease in the fair value of an investment property. The discount rate magnifies the effect of a change in stabilized NOI, with a lower discount rate resulting in a greater impact of a change in stabilized NOI than a higher discount rate.

The following are the significant unobservable inputs:

- Rental value average rental rate per square meter paid by tenants based on the asking price in the market;
- Discount rates reflecting current market assessments of the uncertainty in the amount and timing of cash flows;
- Occupancy rate based on current and expected future market conditions after expiry of any current lease; and
- Expense - revenue ratio total direct operating expenses for the entire property based on budget.

For sensitivity analysis purposes, any +/- 1% change in market rental value per square meter would increase/decrease total assets and pre-tax income in 2025 by P261 million (2024 – P261 million).

Critical accounting judgments

(a) Distinction between properties held for sale, investment properties, and property and equipment.

The Group determines whether a property is to be classified as a property held for sale, an investment property, or property and equipment through the following:

- Properties held for sale comprise properties that are held for sale in the ordinary course of business. These are condominium units that the Group acquired or developed and intends to sell.
- Investment properties comprise land and buildings which are not occupied, substantially for use by, or in the operations of, nor for sale in the ordinary course of business of the Group, but are held primarily to earn rental income or capital appreciation; and
- Property and equipment generate cash flows that are attributable not only to the property but also to the other assets used in the operations of the Group.

In making its judgment, the Group considers whether the property generates cash flows largely independent of the other assets held by the Group.

Some properties comprise a portion that is to earn rentals or for capital appreciation and another portion that is held for use in the operation or for administrative purposes. If these portions cannot be sold separately at the reporting date, the property is accounted for as investment property only if an insignificant portion is held for use in the operation or for administrative purposes. Judgment is applied in determining whether ancillary services are so significant that a property does not qualify as an investment property. The Group considers each property separately in making its judgment.

(b) Classification of leases as operating lease

The Group (as a lessor) has entered into commercial property leases on its investment property portfolio. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases.

The carrying values of investment properties as at December 31, 2025 and 2024 are disclosed in the previous table.

11 Financial assets at fair value through other comprehensive income

This account consists of equity securities as follows:

	2025	2024
Unquoted securities	488,430	488,430
Quoted securities	9,101	9,101
Acquisition cost	497,531	497,531
Cumulative changes in fair value	352,337	349,237
Fair value	849,868	846,768

The fair values of the unquoted equity securities are based on the net asset value of the underlying assets of investee companies which are mainly investment properties consisting of land and buildings which are measured and carried at fair value of underlying assets. The fair value measurements have been categorized as Level 3. Estimated fair value of assets classified as Level 3 are considered not significant relative to the overall size of the Group's total assets.

The quoted equity securities consist of investments in various golf club shares and stocks. These are carried at fair values which are based on the quoted market prices (Level 1) as at the reporting date.

The cumulative changes in fair values of unquoted and quoted equity shares are presented as part of other comprehensive income in the consolidated statements of financial position.

The movements in the cumulative changes in fair value recognized as other comprehensive income in the statement of financial position for the years ended December 31 are as follows:

	2025	2024
At January 1	285,628	270,923
Gain on fair value adjustment	3,100	17,300
Deferred income tax effect	(465)	(2,595)
At December 31	288,263	285,628

12 Property and equipment, net

Details of property and equipment, net, as at December 31 and their movements during the years are as follows:

	Building and building improvements	Transportation equipment	Furniture, fixtures and other equipment	Total
Cost				
At January 1, 2025	9,622,474	78,396	7,197,983	16,898,853
Additions	18,345	3,974	81,196	103,515
Disposals	(2,054)	(4,590)	(19,554)	(26,198)
At December 31, 2025	9,638,765	77,780	7,259,625	16,976,170
Accumulated depreciation and amortization				
At January 1, 2025	1,861,689	53,213	5,003,441	6,918,343
Depreciation and amortization	130,253	2,553	284,706	417,512
Disposals	-	-	(28,623)	(28,623)
At December 31, 2025	1,991,942	55,766	5,259,524	7,307,232

	Building and building improvements	Transportation equipment	Furniture, fixtures and other equipment	Total
Cost				
At January 1, 2024	9,609,092	62,535	7,108,417	16,780,044
Additions	13,158	15,861	102,772	131,791
Reclassification	224	-	-	224
Disposals	-	-	(13,206)	(13,206)
At December 31, 2024	9,622,474	78,396	7,197,983	16,898,853
Accumulated depreciation and amortization				
At January 1, 2024	1,731,776	46,531	4,755,672	6,533,979
Depreciation and amortization	129,913	6,682	259,750	396,345
Disposals	-	-	(11,981)	(11,981)
At December 31, 2024	1,861,689	53,213	5,003,441	6,918,343
Net book values at				
At December 31, 2025	7,646,823	22,014	2,000,101	9,668,938
At December 31, 2024	7,760,785	25,183	2,194,542	9,980,510

Depreciation and amortization were allocated as follows:

	Note	2025	2024	2023
Cost of sales and services	21	375,026	353,537	343,121
Operating expenses		32,759	35,464	34,006
Capitalized under property held for sale		9,727	7,345	-
		417,512	396,346	377,127

The Group has no restrictions on the realizability of its property and equipment and no contractual obligations to purchase, construct or develop property and equipment or for repairs, maintenance and enhancements.

Critical accounting estimate - Useful lives of property and equipment

The useful life of each item of the Group's property and equipment is estimated based on the period over which the asset is expected to be available for use. Such estimate is based on collective assessment of industry practice, internal technical evaluation and experience with similar assets. The estimated useful life of each asset is reviewed periodically and updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the asset. It is possible, however, that future results of operations could be materially affected by changes in the amounts and timing of recorded expenses brought about by changes in the factors mentioned above. A reduction in the estimated useful life of any property and equipment would increase the recorded operating expenses and decrease non-current assets. In 2025 and 2024, there were no changes in the estimated useful lives of property and equipment.

The Group considers it impracticable to disclose with sufficient reliability the possible effects of sensitivities surrounding the estimates and assumptions considering that the asset utilization and anticipated use of assets vary. However, it is reasonably possible, on the basis of existing knowledge, that a change in the estimated useful life of an item of the Group's assets subject to depreciation brought about by changes in the factors mentioned above would impact the recorded depreciation expense and the carrying amount of the assets.

Critical accounting judgment - Impairment of non-financial assets

The Group reviews its non-financial assets, such as investments in associates and in a joint venture (Note 8) and property and equipment (Note 12), for any indicator of impairment in value. This includes considering certain factors such as significant changes in asset usage, significant decline in assets' market value, obsolescence or physical damage of an asset, significant underperformance relative to expected historical or projected future operating results and significant negative industry or economic trends. If indicators of impairment have been identified, the Group determines the recoverable amount of the asset, which is the higher of the asset's fair value less costs to sell and value in use.

Given historical profitable operations and profit projections, the Group has assessed that there are no impairment indicators with respect to the non-financial assets as at December 31, 2025 and 2024.

13 Goodwill

Goodwill acquired through business combinations has been allocated to SGCPI, the Cash Generating Unit (CGU), for impairment testing purposes.

The recoverable amount of the CGU has been based on value in use calculation using cash flow projections from financial budgets approved by management covering a five-year period. The pre-tax discount rate applied to cash flow is 10.95% (2024 – 11.05%). Cash flows beyond the five-year period are extrapolated using a steady growth rate of 4.00% (2024 – 4.75%), which does not exceed the compounded annual growth rate for the real estate industry. As a result of the analysis, management did not identify impairment for this CGU.

14 Other non-current assets

Other non-current assets as at December 31 consist of

	Note	2025	2024
Advances to contractors and suppliers, noncurrent		1,251,968	1,233,752
Installment contracts receivable, noncurrent		912,700	-
Refundable deposits		53,508	72,111
Retirement benefit asset	25	1,022	402
Deferred input VAT		-	319
Other noncurrent assets		23,526	117,537
		2,242,724	1,424,121

Advances to contractors and suppliers

Advances to contractors and suppliers pertain to initial payments made by the Group for the construction and development of its various projects. These are applied as payments of progress billing by the contractors and suppliers based on milestones or percentage of accomplishment or delivery as stipulated in the contracts.

Refundable deposits

Refundable deposits include cash required from the Group for the on-going construction and utilities maintenance. This is refundable at the end of the lease term. Refundable deposits are reflected at their carrying amounts which are assumed to approximate their fair values.

15 Accounts payable and other current liabilities

Accounts payable and other current liabilities as at December 31 consist of

	Notes	2025	2024
Trade:			
Accounts payable		1,002,796	666,894
Advance rentals	30	121,827	181,022
Accrued expenses:			
Construction		842,843	467,988
Employee benefits		240,706	209,149
Commission		70,065	166,541
Utilities		35,724	30,468
Repairs and maintenance		8,353	11,254
Advertising and promotion		4,025	2,351
Professional fees		952	16,871
Others		768,956	815,067
Retention payables		1,161,499	761,057
Customers' deposits from:			
Condominium buyers		701,399	528,404
Hotel guests		255,718	198,868
Contract liabilities		496,171	222,150
Other trade payables		95,600	172,855
Non-trade:			
Output VAT		168,854	263,972
Payable to related parties	28	148,067	176,282
Payable to government agencies		50,890	69,948
Deferred output VAT		40,235	5,898
Others	28	319,645	363,700
		6,554,527	5,340,738

Accounts payable and accrued expenses are non-interest bearing and are normally settled within 30 to 60 days and within the next financial year, respectively.

Advance rentals pertain to the three-month rent collected from tenants to be applied to the last three (3) months of the lease term.

Retention payables represent the portion of contractor billings which will be paid upon satisfaction by the contractors of the conditions specified in the contracts or until the defects have been corrected.

Customers' deposits from condominium buyers represent initial collections (e.g. down payments) received from the buyers which shall be applied as payment of the transaction price when the sales contract meets the requirements of PFRS 15 for revenue recognition purposes while deposits from hotel guests are advances made by guests in relation to their stay in the hotel and will be applied against the guests' hotel charges upon their check-out.

Advances from condominium unit buyers mainly pertain to amounts collected from buyers upon unit turnover, which are intended to pay for expenses incurred in process of transferring title to the buyers, utility deposits and real property taxes during titling period. These amounts are liquidated after title has been transferred to the buyer and any excess is refunded to the buyer.

Construction bonds pertain to cash deposits posted by tenants as security for any expenses or damages that may be incurred by SLPC to the leased premises or common areas that may be sustained in relation to construction activities conducted by the tenants during fit-out, as well as during renovation period of the lease. It is normally returned to the tenants within six months after completion of their construction activities.

Contract liabilities represent any excess collections received from buyers over the revenue recognized based on the percentage of completion method. The amount is expected to be applied against revenue in the following year.

Payable to contractors and suppliers represents progress billings from various contractors for the material and labor costs incurred to date with normal credit terms of 30 to 60 days, but may go beyond as agreed.

Reservation payables pertain to cash paid by the buyers of condominium units for the reservation of the units purchased. These shall be considered as part of the down payment on the units purchased upon execution of the contracts or income if the reservation is forfeited when the buyer did not push through with the purchase.

Deferred output VAT is the result of the difference in the application of installment method between the accounting policy of the Group and the tax regulations. It will be reclassified to output VAT payable when the collections from condominium unit buyers warrant recognition of revenue.

Payable to government agencies are expected to be settled within the next financial year.

Output VAT represents tax due and payable after deducting the corresponding input VAT.

Other accrued expenses consist of accruals for advertising and promotions, insurance, other employee related costs and other general and administrative expenses. Other current liabilities pertain mainly to taxes and insurance.

16 Bank loans

Bank loans, net of debt issue costs, as at December 31 consist of:

	2025	2024
Current portion	4,522,000	11,055,000
Non-current portion	14,573,000	7,040,000
	19,095,000	18,095,000

Movements in the bank loans as at December 31 are as follows:

	2025	2024
At January 1	18,095,000	10,115,000
Proceeds from loan availments	1,000,000	8,740,000
Payments	-	(760,000)
At December 31	19,095,000	18,095,000

The repayments of the above bank loans are scheduled as follows:

Year	2025	2024
2025	-	11,055,000
2026	4,522,000	-
2029	145,730	70,400
2030	145,730	70,400
2031	145,730	70,400
2032	145,730	70,400
2033	145,730	70,400
2034	13,844,350	6,688,000
	19,095,000	18,095,000

Total interest expense arising from these loans as shown in the consolidated statements of comprehensive income in 2025 amounted to P81 million (2024 – P28.5 million; 2023 – P34 million) (Note 23). Total capitalized interest amounted to P916 million in 2025 (2024 – P958 million; 2023 – P429 million) and was included as part of investment properties (Note 10). The capitalization rate used to determine the amount of capitalized interest which is the weighted average interest rate applicable to the Group's general borrowings during the year is 6.83% (2024 - 5.65%).

Bank loans of the Parent Company as of December 31 consist of unsecured short-term and long-term loans. These are composed of unsecured short-term loans from various banks with interest rates ranging from 5.10% to 6% (2024 - 6.0% to 6.5%). The short-term loans have payment terms of 3 to 12 months (2024 - 3 to 12 months).

On August 28, 2024, the Parent Company and the Bank of the Philippine Islands (BPI) entered into a loan agreement wherein BPI agreed to provide a ten-year term loan with principal amount not exceeding P15 billion to finance construction and development costs, capital expenditures, refinancing of existing debts and other general corporate purposes. The applicable interest rates are either the floating interest rate or the fixed interest rate, to be applied to each drawdown at the option of the Company. As of December 31, 2025, the total cumulative amount of drawdown is P14.6 billion.

Under the terms of the borrowing facility with BPI, the Company is required to comply with the financial covenant of maintaining its debt-to-tangible net worth ratio below 3:1. This is calculated by dividing the carrying amount of bank loans with the total assets less intangible assets and total liabilities in the statement of financial position. The Company has complied with this covenant throughout the reporting period.

In 2025, BDO Unibank Inc. approved an increase in the Parent Company's credit line by P5 billion (bringing the total to P10 billion). Bank of Commerce approved a credit line of P7.5 billion, and Union Bank of the Philippines approved a credit line of P1 billion.

17 Deposits from tenants; Deferred lease income

Deposits from tenants

This account represents non-interest-bearing rental deposits from tenants. Deposits from tenants is based on the present value of estimated future cash flows using applicable market rates at reporting date. The difference between the discounted and face value of the deposits is recognized as deferred lease income. Interest is accreted on the deposits from tenants using the effective interest rate method and is recognized as additional interest expense in profit or loss.

Details of deposits from tenants as at December 31 and their movements during the years are as follows:

	2025	2024
Current portion	833,912	570,017
Non-current portion	593,188	502,378
	1,427,100	1,072,395

Deferred Lease Income

Deferred lease income represents the difference between the face value and present value of refundable tenant deposits. Deferred lease income is amortized on a straight-line basis over the lease term and is recognized in profit or loss as additional rent income.

Details of deferred lease income as at December 31 and its movement during the years are as follows.

	2025	2024
Current portion	124,416	27,176
Non-current portion	22,340	29,783
	146,756	56,959

18 Equity

(a) Share capital, share premium and treasury shares

Details of share capital and share premium at December 31, 2025 and 2024 are as follows:

	Absolute number of shares	Amount
Authorized, at P1 par value per share		
Common shares	8,000,000,000	8,000,000
Issued and outstanding shares		
Common shares	4,764,058,982	4,764,059
Share premium		834,440
	4,764,058,982	5,598,499

The Parent Company is listed in the Philippine Stock Exchange (PSE). It was registered on June 13, 1991 with total listed shares of 4,764,058,982 which was initially issued at P1.18 per share. There were no subsequent listings since the initial listing with PSE.

In 2007, the Parent Company repurchased 2,140,645 common shares at a price of P3.20 per share or a total of P6.9 million and the amount is presented as treasury shares in the consolidated statements of financial position.

As at December 31, 2025, the Parent Company has 5,075 shareholders (2024 - 5,103). The details of the Parent Company's shareholders are disclosed in the annual report.

(b) Other comprehensive income

Details of other comprehensive income at December 31 are as follows:

	Cumulative changes in fair value of financial assets at FVOCI (Note 11)	Cumulative translation adjustments	Remeasurement of retirement benefit plan (Note 25)	Total other comprehensive income
Balances at January 1, 2023	256,473	1,089	16,777	274,339
Other comprehensive income (loss)	14,450	6,627	(5,703)	15,374
Balances at December 31, 2023	270,923	7,716	11,074	289,713
Other comprehensive income (loss)	14,705	-	(2,551)	12,154
Balances at December 31, 2024	285,628	7,716	8,523	301,867
Other comprehensive income (loss)	2,635	28,428	1,263	32,326
Balances at December 31, 2025	288,263	36,144	9,786	334,193

(c) Retained earnings

As at December 31, 2025, total unrestricted retained earnings of the Parent Company amounted to P34.1 billion (2024 – P30.3 billion). In 2025, the Parent Company appropriated P8.6 billion from its unrestricted retained earnings for future capital expenditures and property development projects. The excess retained earnings include accumulated fair value gains of P13.43 billion (2024 – P13.43 billion) which are not considered available for dividend declaration.

The Parent Company plans to use the excess retained earnings to support the Parent Company's working capital requirements, planned business growth and expansion strategies.

19 Dividends

The Parent Company annually declares dividends in compliance with SEC Memorandum Circular No. 11, Series of 2008. The Parent Company's Board of Directors approved the declaration of the following cash dividends for the years ended December 31 and until the approval of these financial statements.

Date of declaration	Shareholders of record as at	Payment Date	Per Share	Amount
2026 (subsequent to reporting date)				
March 18, 2026	April 6, 2026	April 21, 2026	0.119	567,409
2025				
August 12, 2025	August 29, 2025	September 11, 2025	0.092	438,610
March 12, 2025	March 28, 2025	April 11, 2025	0.183	869,489
				1,308,099
2024				
March 19, 2024	April 4, 2024	April 15, 2024	0.155	739,387
August 28, 2024	September 16, 2024	September 26, 2024	0.134	640,289
				1,379,676
2023				
March 22, 2023	April 11, 2023	April 21, 2023	0.155	738,097
August 17, 2023	September 8, 2023	September 22, 2023	0.134	640,000
				1,378,097

Cash dividends paid during 2025 amounted to P2.4 billion (2024 - P1.6 billion; 2023 – P1.5 billion). These include payments to non-controlling shareholders of subsidiaries amounting to P1.1 billion (2024 – P712 million; 2023 – P187 million).

20 Revenue

a. Condominium sales

Revenue from condominium sales is recognized over time based on the project's percentage of completion. The Group's disaggregation of revenue from contracts with customers are as follows:

	2025	2024	2023
Sale of condominium units	3,483,616	4,173,206	2,869,135
Sale of parking slots	141,229	208,879	204,110
	3,624,845	4,382,085	3,073,245

Significant accounting estimate - Assessment of the percentage-of-completion (POC) of the project

The Group's revenue and cost recognition policies require management to make use of estimates and assumptions that may affect the reported amounts of revenue and costs. Revenue from property sales is recognized based on the percentage of completion in accordance with the guidance set in PFRS 15, Revenue from contracts with customers, and Philippine Interpretations Committee Questions and Answers (PIC Q&A) 2016-04. PoC is calculated with reference to different determinants of completion including actual physical completion as well as cost incurred and/or paid. The process of calculating PoC involves a significant degree of estimates and requires technical assessments by experts and consultants who specialize in PoC computations. Management believes that revenue from condominium sales reported in the statement of comprehensive income best reflects the PoC of the project as at reporting date.

In 2025, interest income, net, earned by the Company arising from significant financing component of revenue from contracts with customers amounted to P167 million (2024 - 233 million), included within Other income.

Assets and liabilities related to contracts with customers

The Company has recognized the following assets and liabilities related to contracts with customers:

	Note	2025	2024
Installment contract receivables			
Current	5	2,437,243	5,454,819
Non-current	14	912,700	-
		3,349,943	5,454,819
Contract liabilities			
Current	15	496,171	104,615
Non-current		318,067	-
		814,238	104,615

Installment contract receivables and contract liabilities have decreased and increased, respectively, because of collections from buyers based on the agreed payment schedules.

b. Rental and cinema

Details of the Group's rental and cinema income and Parking fee income for the years ended December 31 are as follows:

	2025	2024	2023
Rental and cinema income	2,730,580	2,548,002	2,417,048
Parking fee income	146,438	136,418	123,392
	2,877,018	2,684,420	2,540,440

Rental income from mall and office spaces are related to the lease agreements entered by the Group with third parties. These leases generally provide for either (a) fixed monthly rent, or (b) minimum rent or a certain percentage of sales, whichever is higher.

Total future minimum lease collections under the non-cancellable operating lease with fixed monthly rental as at December 31 are as follows:

	2025	2024	2023
Within one year	2,108,770	2,023,275	1,865,951
One (1) to two (2) years	1,132,321	1,162,500	927,739
Two (2) to three (3) years	820,021	859,174	679,949
Three (3) to four (4) years	649,329	768,241	590,549
Four (4) to five (5) years	407,916	683,128	526,086
Later than five years	165,688	150,625	153,831

Critical judgment - Operating lease commitments - the Company as a lessor

The Company has entered into property leases on its investment property. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of this property and accounts for the contracts as operating leases.

Rental income recognized in 2025, 2024 and 2023 are shown in the statement of comprehensive income. The carrying value of investment property as at December 31, 2025, 2024 and 2023 is disclosed in Note 10.

c. Hotel income

The Group's disaggregation of hotel income are as follows:

	2025	2024	2023
Rooms and other ancillary services	2,036,172	1,860,858	1,737,610
Food and beverage	1,796,951	1,742,902	1,678,342
Other operating departments	943,711	915,654	787,140
	4,776,834	4,519,414	4,203,092

21 Cost of sales and services

The components of cost of sales and services for the years ended December 31 are as follows:

(a) Cost of condominium sales

	Note	2025	2024	2023
Development costs		1,117,207	1,308,005	824,441
Land		649,538	154,158	406,156
Professional and consultancy costs		230,852	171,707	(195,613)
Project management costs		176,772	140,018	42,838
Commission		158,283	152,401	155,669
Others		47,753	104,940	-
	6	2,380,405	2,031,229	1,233,491

(b) *Cost of rental and cinema*

	Note	2025	2024	2023
Real property taxes		114,940	85,063	80,030
Insurance		40,035	43,014	37,217
Share in common expenses		(58,663)	(26,301)	(46,364)
	10	96,312	101,776	70,883

(c) *Cost of hotel operations*

	Note	2025	2024	2023
Food and beverages		960,625	955,345	935,365
Utilities and maintenance		503,594	485,266	496,932
Depreciation and amortization	12	375,026	353,537	353,121
Rooms		321,552	274,000	249,191
Others		153,678	148,777	127,737
		2,314,475	2,216,925	2,162,346

Others consist of telephone, fax, postage, subscriptions, publications, and hotel guest entertainment expenditures.

22 Staff costs

The components of staff costs for the years ended December 31 are as follows:

	Note	2025	2024	2023
Salaries, Benefits and Others		584,152	649,768	597,469
Retirement benefits costs	25	124,129	90,708	37,362
		708,281	740,476	634,831

23 Other operating expenses

The components of other operating expenses for the years ended December 31 are as follows:

	2025	2024	2023
Advertising	458,148	500,522	415,344
Janitorial, security and others	309,457	380,673	426,732
Professional fees	171,004	120,082	70,824
Commission	132,872	101,112	30,923
Donations	72,330	41,480	51,050
Utilities	69,044	43,849	43,813
Systems license and maintenance	68,301	58,750	37,487
Condominium dues	44,763	61,956	66,735
Repairs and maintenance	29,150	16,042	21,529
Rent	28,096	10,959	7,915
Transportation and travel	20,342	10,119	8,923
Membership fees and dues	15,513	3,434	2,350
Telephone and communication	11,254	9,949	10,615
Supplies	8,542	9,972	7,625
Entertainment, amusement and recreation	6,324	3,837	3,507
Reproduction charges	3,512	3,661	2,444
Gas and oil	788	1,582	2,673
Provision (recovery of) for doubtful accounts	238	285	(51)
	1,449,678	1,378,264	1,210,438

Rent pertains to payments associated with short-term leases.

24 Finance income, other income, and finance costs

The components of interest income, other income, and interest expense and bank charges for the years ended December 31 are as follows:

(a) Finance income

	Notes	2025	2024	2023
Interest arising from:				
Contract from customers		167,242	232,703	-
Advances to a joint venture	8	86,115	75,148	91,882
Cash in banks and cash equivalents	3	49,755	40,646	22,141
Overdue accounts from tenants		-	9,021	10,745
Others		-	-	461
		303,112	357,518	125,229

(a) Other income, net

	Note	2025	2024	2023
Administration and management fee		72,570	82,491	74,235
Forfeited security deposits		54,723	13,144	111,883
Income from ancillary services		17,888	9,987	189,464
(Loss) gain on fair value adjustments of financial assets at fair value through profit or loss	4	4,439	(2,510)	4,012
Dividend income		152	53,744	8,168
Gain on sale of property and equipment		(69)	265	1,313
Miscellaneous income, net		33,240	59,956	(1,543)
		182,943	217,077	387,532

Miscellaneous income, net in 2025 mainly pertains to other service fees received by the Group. Miscellaneous income, net in 2024 pertains to reversal of outstanding accruals for various operating expenses of the Group.

(b) Finance costs

	Notes	2025	2024	2023
Interest expense on bank loans	16	81,338	28,451	33,715
Accretion of interest on deposits from tenants	17	40,075	35,678	17,317
Bank charges		3,375	1,813	1,087
		124,788	65,942	52,119

25 Retirement benefit liability

The Group has a funded, non-contributory defined benefit plan, providing death, disability and retirement benefits for all of its regular employees. Under this plan the normal retirement age is 60 years old and completion of at least five (5) years of service. In general, Normal retirement benefit consists of a lump sum benefit equivalent to 125% of the employee's final pay for every year of service.

The funds are administered by a trustee. The trustee bank is responsible for investment of the assets. The Pension Fund Board defines the investment strategy as often as necessary, at least annually, especially in the case of significant market developments or changes to the structure of the plan participants. When defining the investment strategy, it takes into account the plans objectives, benefit obligations and risk capacity. The investment strategy is defined in the form of a long-term target structure (investment policy).

The retirement benefit obligation is determined using the "Projected Unit Credit Cost" (PUC) method. Under the PUC method, the annual normal cost for the portion of the retirement is determined as the amount necessary to provide for the portion of the retirement benefit accruing during the year.

The actuarial present value of the retirement benefit obligation under the plan is measured in terms of actuarial assumptions for discount rate, salary increases, retirement rates and mortality using the 2017 Philippine Intercompany Mortality Table. The discount rates used is a single weighted average rate based on rates as published in the Bankers Association of the PHP BVAL at various tenors. Rate for intermediate durations were interpolated. The rates were then weighted by the expected benefit payments at those durations to arrive at the single weighted average discount rate. The plan typically exposes the Group to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

(a) Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to high quality corporate bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan's investments are in the form of investments in debt instruments and cash deposits to universal and commercial banks. Due to the long-term nature of the plan liabilities, the board of the pension fund considers it appropriate that a reasonable portion of the plan assets is invested in investments in debt instruments and cash deposits to universal and commercial banks.

(b) Interest rate risk

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using single weighted average rate based on PHP-BVAL rates. A decrease in rate will increase the defined benefit obligation. Hence, the present value of defined benefit obligation is directly affected by the discount rate to be applied by the Group. However, the Group believes that due to the long-term nature of the pension benefit obligation, the investment holdings of the plan is an appropriate element of the Group's long-term strategy to manage the plan efficiently.

(c) Longevity risk

The present value of the defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the retirement benefit obligation.

(d) Salary risk

The present value of the defined benefit plan obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the retirement benefit obligation.

The management performs an Asset-Liability Matching Study (ALM) annually. The overall investment policy and strategy of the Group's defined benefit plans is guided by the objective of achieving an investment return which, together with contributions, ensures that there will be sufficient assets to pay retirement benefits as they fall due while also mitigating the various risk of the plans. The Group's current strategic investment strategy mainly consists of treasury notes and bonds accounting for 99% of the total plan assets.

The Group actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the pension obligations. The Group has not changed the processes used to manage its risks from previous periods. The Group does not use derivatives to manage its risk. Investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.

The Group's plan assets consist of investment in debt instruments and cash in banks. The Group believes that equities offer the best returns over the long term with an acceptable level of risk.

The actuarial valuation of the Group's retirement plan was performed by an independent actuary. The latest actuarial valuation report prepared was for the year ended December 31, 2025. The principal assumptions used by the actuary for the years ended December 31 are as follows:

	2025	2024	2023
Discount rate	6.32%	6.12%	7.10%
Salary increase rate	5.00%	5.00%	5.00%

The retirement benefit assets and liabilities recognized in the consolidated statements of financial position as part of "other non-current assets" and "retirement benefit liability" amount to P1.0 million and P108.5 million, respectively (2024 - P0.4 million and P171.2 million, respectively)

The net defined benefit obligation as at December 31 is determined as follows:

	2025	2024
Present value of defined benefit obligations	458,057	392,566
Fair value of plan assets	(350,608)	(232,500)
Retirement benefit liability	107,449	160,066

The components of retirement expense for the years ended December 31 recognized in the consolidated statements of total comprehensive income included under staff costs account are as follows:

	Note	2025	2024	2023
Current service cost		54,014	35,634	34,003
Past service cost		-	52,537	-
Net interest cost		19,665	2,537	3,359
Pension expense	23	73,679	90,708	37,362

Changes in the present value of the defined benefit obligation for the years ended December 31 are as follows:

	2025	2024
At January 1	392,566	318,936
Interest cost	35,593	35,716
Current service cost	54,014	35,634
Past service cost	-	52,537
Benefits paid directly by the Group	(22,047)	(47,743)
Net released obligation due to employee transfers	(1,834)	-
Remeasurement losses (gains) from:		
Experience adjustments	1,596	(1,170)
Changes in financial assumptions	(1,821)	(1,344)
At December 31	458,057	392,566

Changes in the fair value of plan assets for the years ended December 31 are as follows:

	2025	2024
At January 1	232,500	205,237
Interest income	15,929	33,179
Losses on plan assets	-	(5,916)
Contributions	124,090	-
Benefits paid from plan assets	(21,911)	-
At December 31	350,608	232,500

Apart from the benefit payments to certain qualified employees advanced by the Group and the contributions to the plan as presented above for the years ended December 31, 2025 and 2024, the Group had no other transactions with the plan.

Details of plan assets as at December 31 are as follows:

	2025	2024
Cash in banks	1	1
Money market deposits and trust funds	17	14
Investments in equity	348,552	230,775
Investments in debt instruments:		
Treasury notes and bonds	1,514	1,270
Corporate notes and bonds	524	440
	350,608	232,500

At December 31, 2025 and 2024, the Group's plan assets (investment in debt instruments) are determined by reference to published price quotations in an active market (classified as Level 1 in the fair value hierarchy).

There are no plan assets invested in related parties as at and for the years ended December 31, 2025 and 2024.

Expected contribution to post-employment benefit plans for the year ending December 31, 2026 amounts to P138 million.

The weighted average duration of the defined benefit obligation is 8.27 years.

Expected maturity analysis of undiscounted retirement benefits as at December 31 are as follows:

	2025	2024
Less than a year	108,113	93,769
Between one and five years	205,639	129,352
Over five years	1,511,540	903,770
	1,825,292	1,126,891

Critical accounting estimate - Determining retirement benefit obligation

The Group maintains a qualified defined benefit retirement plan. The calculations of retirement costs of the Group are dependent upon the use of assumptions, including discount rates, expected return on plan assets, interest cost, future salary increases, benefits earned, mortality rates, the number of employee retirements, the number of employees electing to take lump-sum payments and other factors.

Actual results that differ from assumptions are accumulated and amortized over future periods and, therefore, generally affect recognized expense and the recorded obligation in future periods. While the Group believes that the assumptions used are reasonable, differences in actual experience or changes in assumptions may materially affect the Group's retirement obligation and future expense.

In determining the long-term rates of return, the Group considers the nature of the plans' investments, an expectation for the plans' investment strategies, historical rates of return and current economic forecasts. The Group evaluates the expected long-term rate of return annually and adjusts such rate as necessary.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions are as follows:

	Increase (decrease)	
	2025	2024
Discount rate		
Increase by 1.0%	(29,174)	(16,740)
Decrease by 1.0%	33,500	18,853
Salary increase rate		
Increase by 1.0%	35,740	20,531
Decrease by 1.0%	(31,623)	(18,552)

The sensitivity is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the retirement benefit asset/liability recognized within the consolidated statements of financial position. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior years.

26 Income taxes

The components of income tax expense (benefit) for the years ended December 31 follows:

	2025	2024	2023
Current	1,314,022	848,440	467,727
Deferred	(313,984)	1,436,621	591,288
	1,000,038	2,285,061	1,049,013

Deferred income tax assets and liabilities as at December 31 consist of

	2025	2024
Deferred income tax assets:		
Net operating loss carry over (NOLCO)	73,748	100,850
Advance rentals	41,226	46,276
Retirement benefit liability	8,114	22,356
Accrued expenses	45,672	32,532
Guest and banquets prepayments and deposits	50,457	32,441
Deferred lease income	12,801	28,663
Minimum corporate income tax (MCIT)	15,093	4,310
Unamortized funded past service cost	4,540	6,035
Allowance for doubtful accounts	277,807	277,496
Difference in profit, installment method versus PoC method	38,688	44,533
Unrealized loss on foreign exchange	883	2,017
Others	17,544	601
	586,473	598,110
Deferred income tax liabilities:		
Unrealized increase in fair value of investment property	(8,318,080)	(8,209,599)
Difference in profit, installment method versus PoC method	(424,178)	(891,458)
Unrealized increase in fair value of FVOCI	(53,170)	(52,705)
Interest income	(97,480)	(75,931)
Difference between cost of condominium sales for accounting and income tax purposes	(6,268)	(33,601)
Rent income per PFRS 16/PAS 17	(7,243)	-
Unrealized gain on foreign exchange	(151)	(30)
Accrued revenue	(14,129)	-
	(8,920,679)	(9,263,324)
Net deferred income tax liabilities	(8,334,206)	(8,665,214)

The balances of deferred income tax assets and liabilities presented in the consolidated statements of financial position are netted on a per entity basis as follows:

	2025	2024
Deferred income tax assets	123,129	172,741
Deferred income tax liabilities	(8,457,335)	(8,837,955)
	(8,334,206)	(8,665,214)

Realization of the future tax benefits related to the deferred income tax assets is dependent on many factors, including the Group's ability to generate taxable income in the future. The Group's management believes that the related future tax benefit will be realized.

Movements in net deferred income tax liabilities for the years ended December 31 are as follows:

	2025	2024
At January 1	(8,665,214)	(7,191,220)
Charged to profit or loss	313,984	(1,436,622)
Charged to other comprehensive income	17,024	(37,372)
At December 31	(8,334,206)	(8,665,214)

The details of deferred income tax assets on NOLCO at December 31 which could be carried over as deductible expense from taxable income for three (3) consecutive years following the year of incurrence are as follows:

Year incurred	Year of expiry	2025	2024
2020	2025	409,190	2,129,122
2021	2026	366,336	366,091
2022	2027	239,277	239,155
2023	2026	158,353	157,432
2024	2027	49,155	55,439
2025	2028	175,680	-
		1,397,991	2,947,239
Applied		(187,909)	(1,695,328)
Expired		(515,088)	-
		694,994	1,251,911
Deferred tax at 25%		166,025	312,878
Deferred tax at 20%		225	54
		166,250	312,932
Recognized		73,748	100,850
Unrecognized		92,502	212,082
		166,250	312,932

A reconciliation of the income tax expense computed at the statutory income tax rate and the effective income tax expense as shown in the consolidated statements of comprehensive income for the years ended December 31 follows:

	2025	2024	2023
Tax at statutory rate of 25%	1,415,299	3,064,197	1,787,642
Additions (reductions) to income tax resulting from:			
Non-deductible expenses	22,251	47,548	12,427
Unrecognized NOLCO	8,735	(5,559)	5,194
MCIT	7,265	986	4,927
Unrecognized other deferred tax	9,662	9,696	-
Tax difference for entities subject to 20% statutory rate	-	1	3
Dividend income	-	(1,297)	(2,042)
Interest income subjected to final tax	(12,437)	(6,585)	(6,676)
Other non-taxable income	(17,088)	(93,343)	(64,093)
Difference between itemized and optional standard deductions (OSD)	(95,252)	(98,941)	(73,182)
Share in net income of associates and a joint venture	(338,397)	(631,642)	(615,187)
Effective income tax expense	1,000,038	2,285,061	1,049,013

Income tax payable amounted to P241.7 million as at December 31, 2025 (2024 – P293.1 million).

Critical accounting judgment - Income tax

A certain degree of judgment is required in determining the provision for income taxes, as there are certain transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group recognizes liabilities for tax audit issues when it is probable. The liabilities are based on estimates whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Further, the Group reviews the carrying amounts of deferred tax assets at each reporting date and reduces them to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax assets to be utilized. The Group expects to generate sufficient future taxable profits to allow all of its recognized deferred tax assets to be utilized.

27 Basic and diluted earnings per share

Basic earnings per share is calculated by dividing net income by the weighted average number of common shares in issue during the year.

Diluted earnings per share is computed in the same manner as basic earnings per share, however, profit attributable to common shareholders and the weighted average number of shares outstanding are adjusted for the effects of all dilutive potential common shares.

The computations of basic and diluted earnings per share for the years ended December 31 are as follows:

	2025	2024	2023
Net income attributable to the shareholders of Parent Company	4,025,636	9,356,554	5,518,419
Divided by the average number of outstanding common shares(in'000)	4,764,059	4,764,059	4,761,918
Basic and diluted earnings per share	0.845	1.964	1.159

Basic and diluted earnings per share are the same due to the absence of dilutive potential common shares.

28 Related party transactions

In the normal course of business, the Group transacts with companies which are considered related parties. Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or under common control with the Group, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Group.

The transactions and outstanding balances of the Group with its related parties as at and for the years ended December 31 are as follows:

	2025		2024		
	Transactions	Outstanding receivables (payables)	Transactions	Outstanding receivables (payables)	
Affiliates					
Rental income (a) (Note 5)	(18,644)	16,364	121,119	35,008	Balances to be collected in cash and are due generally within 30 to 60 days. These are non-interest bearing and are not covered by any security.
Affiliates					
Management services (b)	333,045	399,451	40,640	66,406	Balances to be collected in cash and are due generally within 30 days. These are non-interest bearing and are not covered by any security.
Reimbursed expenses (f)	713	3,620	39,877	2,907	
Affiliates share in Group's expenses (g)	32,895	1,880,944	2,869,160	1,848,049	
Advances (d)		392,211	(751,977)	392,211	
Associates					
Associates' share in Group's expenses (g)	-	-	4	7,022	Balances to be collected in cash and are due generally within 30 days. These are non-interest bearing and are not covered by any security.
Total (Note 5)		2,692,590		2,351,603	
Affiliates					
Marketing, management and other service fees (c)	(79,782)	(100,565)	-	(20,783)	Balances are to be settled in cash and are generally due within 30 days. These balances are non-interest bearing and not covered by any guarantee.
Condominium dues (e)	10,399	(4,579)	5,313	(14,978)	
Group's share in affiliates' expenses (g)	97,598	(42,923)	5,168	(140,521)	
Total (Note 15)		(148,067)		(176,282)	

Affiliates pertain to entities that have common directors or key management personnel.

All individual material related party transactions shall be approved by at least two-thirds (2/3) vote of the Board, with at least a majority of the independent directors voting to approve the material related party transaction. In case that a majority of the independent directors' vote is not secured, the material related party transaction may be ratified by the vote of the stockholders representing at least two-thirds (2/3) of the outstanding capital stock of the Parent Company. For aggregate related party transactions within a twelve-month period which breaches the materiality threshold of ten percent (10%) of the Group's total assets, the same board approval shall be required for the transaction that meets and exceeds the materiality threshold covering the same related party.

Directors with personal interest in the transaction shall abstain from participating in the discussions and voting for the same. In case they refuse to abstain, their attendance shall not be counted for the purposes of assessing the quorum and their votes shall not be counted for purposes of determining approval.

Significant agreements with related parties are as follows:

- (a) A portion of the Parent Company's land is being leased by ESHRI, where the EDSA Shangri-La, Manila is located. The lease is for a period of 25 years commencing on August 28, 1992 and renewable for another 25 years at the option of ESHRI. On August 16, 2017, the agreement was renewed by ESHRI for another 25 years until August 27, 2042. Rental revenue is based on a fixed percentage of ESHRI's room, food and beverage, dry goods and other service revenue.
- (b) Shang Property Management Services, Inc. (SPMSI) provides certain administrative services to The Enterprise Center Condominium Corporation (TECCC), St. Francis Shangri-La Place Condominium Corporation (TSFSPCC), The Shang Grand Tower Condominium Corporation (TSGTCC), and One Shangri-La Place Condominium Corporation (OSPCC) for a minimum period of five years starting January 7, 2009, April 1, 2010, January 7, 2007, and January 1, 2015 respectively. As consideration, SPMSI shall receive from TECCC, TSGTCC, TSFSPCC, and OSPCC monthly service fees of P400,000, P100,000, P100,000, and P250,000 respectively, inclusive of VAT, with an escalation rate of 5% to 10% per annum. The parties mutually agreed to renew the agreements for another 5 years upon expiration.
- (c) SGCPI entered into a License Agreement with Shangri-La International Hotel Management Limited (SLIM-BV) for the use of intellectual property rights over Shangri-La's policies, practices, procedures, and guidelines affecting different aspects of operations of the Shangri-La chain of hotels. The agreement is for 10 years commencing on the opening date, March 1, 2016, renewable for another 10 years at the option of either parties and subject to the approval of the Bureau of Patents, Trademarks and Technology Transfer of the Republic of the Philippines and applicable authorities. In consideration for such access and use, SGCPI pays SLIM-BV license fees and royalties. License fees paid to SLIM-BV is equivalent to \$100 per annum while royalties are computed at 3% of the gross operating revenue per annum payable within 30 days of the end of each calendar month.

Further, in 2016, SGCPI entered into a Marketing and Reservations Agreement with SLIM, whereby the related party acting as an independent contractor of SGCPI provides marketing, communication, and reservation services to promote SGCPI. The agreement is for a period of 10 years commencing on the opening date, March 1, 2016, renewable for another 10 years at the option of either parties. Under this agreement, SLIM shall act solely for the account of SGCPI, and all expenses incurred shall be borne by SGCPI. As a consideration for such services, SGCPI shall pay SLIM an amount equivalent to a certain percentage of gross operating revenue. Other charges include reservation, loyalty program, communication, and other group services fees. The basis of these various charges is stipulated in the Marketing and Reservations Agreement.

- (d) The outstanding balance as of December 31, 2023 amounting to P1.1 billion represents cash advances made by Classic Elite Holdings Limited from the Parent Company for working Capital and project development. In 2024, the Company recognized provision for impairment of these receivables amounting to P752 million.
- (e) Condominium dues charged by TSFSPCC and TECCC to Parent Company, KSA, SPDI and SPRC.
- (f) Reimbursement of expenses paid by SLPC for ESHRI.
- (g) Certain other general and administrative expenses are initially paid for by the Group/affiliate and are subsequently reimbursed by the affiliate/Group to whom such payment was intended for.

There were no write-offs or provisions made in relation to related party transactions and balances not eliminated during consolidation as at and for the years ended December 31, 2025.

The following are the significant transactions and outstanding balances with retirement fund and key management personnel as at and for the years ended December 31:

	2025		2024		Terms and conditions
	Transactions	Outstanding receivables (payables)	Transactions	Outstanding receivables (payables)	
Salaries and other short-term employee benefits	124,038	-	158,646	-	Settled in cash; payable within the current year.
Post-employment benefits	18,697	-	56,701	-	Refer to Note 25.

There were no stock options or other long-term benefits provided in 2025 and 2024 nor amounts due to/from key management personnel as at December 31, 2025, and 2024.

The following related party transactions and balances were eliminated for the purpose of preparing the consolidated financial statements:

	2025	2024	2023
At December 31			
Receivables	31,257,497	28,162,834	22,835,823
Accounts payable and other current liabilities	29,252,913	24,982,170	19,049,999
For the years ended December 31			
Rental revenue	398,226	368,044	339,457
Cost of sales and services	-	-	7,728
Operating expenses	651,547	613,021	588,074
Other income	72,953	(99,822)	16,669
Dividend income	4,604,709	2,577,257	1,727,050

The Parent Company and its subsidiaries are a party to significant agreements with related parties as follows:

- (a) A portion of the Parent Company's land where the Shangri-La Plaza Mall is located is being leased to SLPC. The lease is for a period of 25 years from January 6, 1993, and subsequently renewed for another 5 years until January 6, 2023. On October 20, 2022, the agreement was renewed by both parties for another 5 years until January 6, 2028. Rental revenue is based at 20% of the Company's annual rental income from the Main Wing's mall and cinema operations plus 50% of the rental income from carpark building's retail spaces. Rental revenue of the Parent Company amounted to P395 million in 2025 (2024 – P372 million; 2023 – P347 million).

On January 16, 2002, SPSI entered into an agreement with the Company and SLPC. Under the agreement, SPSI is granted limited usufructuary rights over the parking spaces of the Company and SLPC for a consideration equivalent to 95% of SPSI's gross revenue less direct and indirect expenses relating to the Company's parking facilities. In 2009, the parties have revised the terms to reduce the consideration to 94%. The agreement is effective until December 31, 2002 and shall be renewed automatically on a yearly basis.

- (b) SPRC and SLPC entered into a memorandum of agreement whereby SLPC will operate the mall establishment and constitute it as the East Wing of the Shangri-La Plaza Mall. The lease is for a period of five years from October 1, 2013 and renewable upon mutual agreement by the parties. Rental revenue is based on a certain percentage of SLPC's annual rental revenue from the mall operations.
- (c) On January 1, 2009, SPSI entered into an agreement with KSA, whereby SPSI is to manage and operate the parking slots of KSA. The agreement is renewable upon mutual agreement by the parties. The monthly gross parking revenue, less applicable VAT, is shared between KSA and SPSI at 75% and 25%, respectively.

- (d) KSA entered into a management agreement with SPMSI for a monthly fee of P150,000 with 10% annual escalation for a period of five years starting March 2008. The parties agreed mutually on the renewal of the agreement. SPMSI shall provide on-site property leasing management including head office support services and periodic audit to ensure compliance with International practices; perform staff recruitment, training and performance evaluation; and perform financial management, including billing and collection and budget provisioning.
- (e) In 2011, SPDI obtained an unsecured, noninterest-bearing loan from SHIL amounting to P2.3 billion, payable on demand. As at December 31, 2025 and 2024, this loan is still outstanding.
- (f) The Parent Company's dividend income from declarations of its subsidiaries are as follows.

	2025	2024	2023
SGCPI	-	773,994	-
SLPC	605,000	575,000	700,000
KSA	358,410	462,264	437,050
SGCHI	270,050	391,421	-
SFBHI	253,949	374,578	-
KRC	-	-	280,000
TRDCI	-	-	280,000
SPDI	110,000	-	15,000
SPRC	-	-	10,000
SPSI	-	-	5,000
SWWPI	2,938,000	-	-
NORI	49,300	-	-
	4,604,709	2,577,257	1,727,050

The receivables and payables between related parties, except for those arising from reimbursement of expenses and those that are unsecured and noninterest bearing which are payable on demand, have normal credit terms of 30 to 90 days, but may go beyond as agreed.

29 Provisions and contingencies

Critical accounting estimate - Provision

As at December 31, 2022, the Group recognized provision for a certain tax assessment (Note 15 and 26). The estimate of the probable costs for the resolution has been developed in consultation with outside legal counsel handling the Group's defense in this matter. Disclosure of additional details beyond the present disclosures may seriously prejudice the Company's position. Thus, as allowed by PAS 37 "Provisions, Contingent Liabilities and Contingent Assets", only general disclosures were provided.

Critical accounting judgment - Contingencies

The Group has other pending legal cases which are being contested by the Parent Company, SLPC and their legal counsels. The estimates of the probable costs for the resolution of these claims have been developed in consultation with the outside legal counsel handling the defense in these matters and are based upon analyses of potential reports. Based on management's assessment, these proceedings will not have a material effect on the Group's financial position and performance.

30 Advance rentals

Advance rentals are collected from all tenants depending on the agreed terms stated in the contracts which are usually equivalent to three months' rent and can be applied at the terminal months of the lease. The current portion is included as part of Accounts payable and other current liabilities account (Note 15) and the non-current portion is shown separately in the consolidated statements of financial position.

31 Financial risk and capital management

31.1 Financial risk management

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, price risk and cash flow and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance. Risk management is carried out by the Group's management under policies approved by its Board of Directors. These policies cover financing structure, foreign exchange and interest rate risk management, guarantees and credit support, as well as treasury control framework. There are no changes in the Group's risk management plans for the years ended December 31, 2025 and 2024.

31.1.1 Market risk

(a) Foreign exchange risk

The Group's exposure on currency risk is minimal and limited only to foreign currency denominated cash in banks and cash equivalents. Changes in foreign currency exchange rates of these assets are not expected to have a significant impact on the financial position or results of operations of the Group.

The Group's foreign currency denominated cash in banks and cash equivalents as at and net foreign exchange gains for the years ended December 31, 2025 and 2024 are disclosed in Note 3.

(b) Price risk

The Group's exposure to price risk is minimal and limited only to financial assets at fair value through profit or loss (Note 4) and FVOCI (Note 11) presented in the consolidated statements of financial position. Changes in market prices of these financial assets are not expected to have a significant impact on the financial position or results of operations of the Group.

(c) Cash flow and fair value interest rate risk

Interest rate risk refers to risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Group's interest-bearing financial instruments include bank loans (Note 16). These financial instruments are not exposed to fair value interest rate risk as these are carried at amortized cost. Likewise, these instruments are not exposed to variability in cash flows as these carry fixed interest rate, to be repriced every 30 to 180 days as agreed by the parties. The Company's exposure to cash flow interest risk is considered insignificant to the financial statements.

The Group's interest rate risk management policy focuses on reducing the overall interest expense and exposure to change in interest rates. Changes in market interest rates relate primarily to the Group's long-term loans with floating interest rates as it can cause a change in the amount of interest payments.

31.1.2 Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a financial loss to the Group. Credit risk arises from cash deposits with banks, as well as credit exposure to customers and suppliers.

Exposure to credit risk arises from potential default of the counterparty, with a maximum exposure equal to the carrying amounts of these financial assets. The Group has no significant concentration on credit risk.

The Group's financial assets are categorized based on the Group's collection experience with the counterparties as follows:

- a. Performing – settlements are obtained from counterparty following the terms of the contracts without history of default.
- b. Underperforming – some reminder follow-ups are performed to collect accounts from counterparty.
- c. Non-performing – evidence that a financial asset is credit-impaired includes the following observable data: significant financial difficulty of the counterparty, a breach of contract such as a default or being more than 120 days past due; or it is probable that the borrower will enter bankruptcy or other financial reorganization.

The following tables summarize the credit quality of the Group's financial assets per category and aging analysis of financial assets as at December 31:

	Performing (Level 1)	Under performing (Level 2)	Non- performing (Level 3)	Total
2025				
Current assets				
Cash and cash equivalents	4,470,198	-	-	4,470,198
Receivables	5,267,272	-	765,047	6,032,319
Financial assets at fair value through profit or loss	37,334	-	-	37,334
Refundable deposits	2,488	-	-	2,488
Non-current assets				
Advances to a joint venture	1,990,096	-	-	1,990,096
Refundable deposits	53,508	-	-	53,508
Financial assets at FVOCI	849,868	-	-	849,868
	12,670,764	-	765,047	13,435,811

	Performing (Level 1)	Under performing (Level 2)	Non- performing (Level 3)	Total
2024				
Current assets				
Cash and cash equivalents	3,171,640	-	-	3,171,640
Receivables	7,709,620	-	13,308	7,722,928
Financial assets at fair value through profit or loss	32,895	-	-	32,895
Refundable deposits	2,438	-	-	2,438
Non-current assets				
Advances to a joint venture	1,990,096	-	-	1,990,096
Refundable deposits	56,908	-	-	56,908
Financial assets at FVOCI	846,768	-	-	846,768
	13,810,365	-	13,308	13,823,673

There are no collaterals held as security or other credit enhancements attached to the Group's financial assets.

Allowance for impairment of receivables as at December 31, 2025 amounted to P765 million (2024 – P765 million). Apart from the financial assets covered by allowance, the remaining financial assets are classified as high performing.

The credit quality of the Group's financial assets is discussed below.

(a) *Cash and cash equivalents*

Credit risk from balances with banks is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties to mitigate financial loss through the counterparty's potential failure to make payments.

As at December 31, the Group's cash and cash equivalents are deposited in the following types of financial institutions as approved by the Board of Directors:

	2025	2024
Universal banks	2,284,417	1,180,605
Thrift banks	2,180,077	-
Commercial banks	263	66,985
	4,464,757	1,247,590

Cash in banks and cash equivalents as at December 31, 2025 and 2024 are all considered high grade financial assets. The remaining cash in the consolidated statements of financial position pertains to cash on hand which is not exposed to credit risk (Note 3).

(b) *Receivables*

There is no concentration of credit risk with respect to receivables since the Group has a large number of counterparties involved.

Trade receivables

Sales of residential condominium units that are on installment basis are supported by post-dated checks from the buyers. Titles to properties sold are not released unless full payment is received. In case of leasing operation, tenants are subjected to credit evaluation and are required to put up security deposits and pay advance rentals, if necessary.

For the hotel operation, hotel guests who wish to avail of a credit line are subjected to the normal credit investigation and checking. References are required including review of the customer's financial position and earnings. Approval of a credit line is performed by the Financial Controller and the General Manager. A guest may not be given a line, but special ad hoc arrangements are allowed. It usually requires deposits, prepayments or credit card guarantees as collaterals. Existing credit lines are reviewed annually. The balances due from customers are considered as high-grade financial assets.

For the leasing operation, the Group enters into lease agreements with recognized and creditworthy third parties who are required to put up security deposits. The Group does not offer credit terms to third parties without the specific approval of management. In addition, receivable balances are monitored on an on-going basis with the result that the exposure of the Group to bad debts is not significant.

The Group applies the PFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. The loss allowance as at December 31, 2025 and 2024 was determined as follows for trade receivables:

	Current	More than 30 days past due	More than 60 days past due	More than 120 days past due	Total
December 31, 2025 (in thousands of Philippine Peso)					
Expected loss rate	0%	0%	0%	100%	
Trade receivables	2,105,365	317,779	22,041	765,047	3,210,232
Loss allowance	-	-	-	765,047	765,047
December 31, 2024 (in thousands of Philippine Peso)					
Expected loss rate	0%	0%	0%	100%	
Trade receivables	6,057,350	-	-	13,308	6,070,658
Loss allowance	-	-	-	13,308	13,308

The Group's receivables classified as current did not have history of loss arising from contract with customers as it is able to repossess the sold property consequent to customer's inability to pay the transaction price. The Group believes that this assessment is adequate and reasonable in view of the credit quality of contract receivables. Accordingly, the expected credit loss on these fully performing contract receivables is deemed insignificant for financial reporting purposes.

Non-trade receivables

The credit exposure on nontrade receivables is considered to be minimal as there is no history of defaults and collections are expected to be made within 30 to 60 days. In respect of balances due from related parties, management considered the credit quality of these receivables to be good based on financial condition of the related parties.

(c) Refundable deposits

Refundable deposits are considered as high performing financial assets. Considering the balance and average term of outstanding lease arrangements, management believes that the impact of discounting is not significant.

31.1.3 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group maintains sufficient cash and cash equivalents in order to fund its operations. The Group monitors its cash flows and carefully matches the cash receipts from its operations against cash requirements for its operations. The Group utilizes its borrowing capacity, if necessary, to further bolster its cash reserves.

The table below analyzes the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

The following table shows the Group's financial instruments as at December 31 based on its contractual maturity profile:

	0 - 90 days	91 - 180 days	181 - 360 days	Beyond 360 days	Total
At December 31, 2025					
Bank loans	4,522,000	-	-	14,573,000	19,095,000
Accounts payable and other current liabilities*	4,849	-	-	-	4,849
Deposits from tenants	-	-	833,912	593,188	1,427,100
Dividends payable	-	92,077	-	-	92,077
Future interest payable	68,090	207,956	210,267	6,827,034	7,313,347
	4,594,939	300,033	1,044,179	21,993,222	27,932,373
At December 31, 2024					
Bank loans	11,055,000	-	-	7,040,000	18,095,000
Accounts payable and other current liabilities*	3,601,005	-	-	-	3,601,005
Deposits from tenants	-	-	570,017	502,378	1,072,395
Dividends payable	-	527,467	-	-	527,467
Future interest payable	32,709	-	-	3,894,000	3,926,709
	14,688,714	527,467	570,017	11,436,378	27,222,576

*excluding advance rentals, contract liabilities, customers' deposits, reservation payable, output VAT, deferred output VAT and payable to government agencies and provision for restructuring

31.2 Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating, comply with externally imposed capital requirements, and maintain healthy capital ratios in order to support its business and maximize shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. There were no changes in the Group's strategies and policies during 2025 and 2024.

The Group monitors capital using a gearing ratio, which is net debt, including long-term loan less cash and cash equivalents, divided by capital. Capital pertains to total equity less non-controlling interest. The gearing ratio as at December 31 is presented below:

	2025	2024
Net debt		
Bank loans	19,095,000	18,095,000
Less: cash and cash equivalents	4,470,198	3,171,640
	14,624,802	14,923,360
Capital		
Total equity	60,022,470	57,306,704
Less: Non-controlling interest	6,040,019	6,074,116
	53,982,451	51,232,588
Gearing ratio	0.27	0.29

The Group was able to meet its capital management objectives.

31.3 Fair value measurement

The Group follows the fair value measurement hierarchy to disclose its fair value measurements. The table below summarizes the fair value measurement hierarchy of the Group's assets and liabilities at December 31:

	Notes	Fair value measurement			Total
		Level 1	Level 2	Level 3	
2025					
Assets measured at fair value					
Financial assets at fair value through profit or loss	4	37,334	-	-	37,334
Investment properties:	10				-
Land		-	12,686,608	8,020,176	20,706,784
Buildings		-	11,306,422	18,066,971	29,373,393
Financial assets at FVOCI:	11				-
Quoted		84,450	-	-	84,450
Unquoted		-	-	765,418	765,418
Assets for which fair values are disclosed					-
Refundable deposits	14	-	55,996	-	55,996
Liabilities for which fair values are disclosed					-
Deposits from tenants	17	-	1,685,563	-	1,685,563
2024					
Assets measured at fair value					
Financial assets at fair value through profit or loss	4	32,895	-	-	32,895
Investment properties:	10				-
Land		-	12,686,608	8,020,176	20,706,784
Buildings		-	8,420,660	18,066,971	26,487,631
Financial assets at FVOCI:	11				-
Quoted		81,350	-	-	81,350
Unquoted		-	-	765,418	765,418
Assets for which fair values are disclosed					-
Refundable deposits	14	-	178,900	-	178,900
Liabilities for which fair values are disclosed					-
Deposits from tenants	17	-	1,072,395	-	1,072,395

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

There have been no assets and liabilities transferred among Level 1, Level 2 and Level 3 during 2025 and 2024.

The methods and assumptions used to estimate the fair value of each class of financial instrument are disclosed in the referred notes in the table above.

32 Summary of material accounting and financial reporting policies

32.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. PFRS Accounting Standards comprise the following authoritative literature:

- PFRS Accounting Standards,
- PAS Standards, and
- Interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC), Philippine Interpretations Committee (PIC), and Standing Interpretations Committee (SIC) as approved by the Financial and Sustainability Reporting Standards Council (FSRSC) and the Board of Accountancy and adopted by the Securities and Exchange Commission (SEC).

The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, investment properties and financial assets at FVOCI.

The preparation of consolidated financial statements in conformity with PFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are as follows:

- Determination of fair values of investment properties (Note 10)
- Useful lives of property and equipment (Note 12)
- Determining retirement benefit obligation (Note 25)
- Estimation of percentage-of-completion of the Group's projects (Note 6)
- Recoverability of investment and advances (Note 8)
- Joint control assessment (Note 8)
- Distinction between properties held for sale, investment properties, and property and equipment (Note 10)
- Revenue Recognition (Note 20)
- Estimation of net realizable value of properties held for sale (Note 6)
- Impairment of non-financial assets (Note 12)
- Contingencies (Note 29)
- Classification of leases as operating lease (Note 10)
- Income tax (Note 26)

Changes in accounting policies and disclosures

New standards, amendments and interpretations adopted by the Group

The Group has adopted 'Lack of Exchangeability, Amendments to PAS 21' for the first time for its annual reporting period effective January 1, 2025. The amendment did not have any impact on the amounts recognized in prior periods and is not expected to significantly affect the current or future periods as the Group is not exposed to material amounts of foreign currency denominated assets and liabilities.

New standards, amendments and interpretations not yet adopted

Certain new accounting standards and amendments to accounting standards have been published that are not mandatory for December 31, 2025 reporting periods and have not been early adopted by the Group.

- Amendments to the Classification and Measurement of Financial Instruments – Amendments to PFRS 9 and PFRS 7 (effective for annual periods beginning on or after January 1, 2026)
- Contracts Referencing Nature-dependent Electricity – Amendments to PFRS 9 and PFRS 7 (effective for annual periods beginning on or after January 1, 2026)
- Annual Improvements to PFRS Accounting Standards – Volume 11 (effective for annual periods beginning on or after January 1, 2026)

The amendments have no impact on prior-period amounts and does not give rise to adjustments in the current or future periods.

PFRS 19 Subsidiaries without Public Accountability: Disclosures (effective for annual periods beginning on or after January 1, 2027)

Issued in May 2025, PFRS 19 allows for certain eligible subsidiaries of parent entities that report under PFRS Accounting Standards to apply reduced disclosure requirements. The amendment has no impact on prior-period amounts and does not give rise to adjustments in the current or future periods.

PFRS 18 Presentation and Disclosure in Financial Statements (effective for annual periods beginning on or after January 1, 2027)

PFRS 18 will replace PAS 1 Presentation of financial statements, introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though PFRS 18 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, in particular those related to the statement of financial performance and providing management-defined performance measures within the financial statements.

Although the adoption of PFRS 18 will have no impact on the Group's net profit, the Group expects that grouping items of income and expenses in the statement of comprehensive income into the new categories will impact how operating profit is calculated and reported. As the Group has minimal foreign exchange differences, separate disaggregation is not required under PFRS 18. However, the Group will ensure that these are classified in the appropriate category in accordance with the new presentation requirements.

The line items presented on the primary financial statements might change as a result of the application of the concept of 'useful structured summary' and the enhanced principles on aggregation and disaggregation. The Group does not expect there to be a significant change in the information that is currently disclosed in the notes because the requirement to disclose material information remains unchanged; however, the way in which the information is grouped might change as a result of the aggregation/disaggregation principles. In addition, there will be significant new disclosures required for:

- a break-down of the nature of expenses for line items presented by function in the operating category of the statement of profit or loss – this break-down is only required for certain nature expenses; and
- for the first annual period of application of PFRS 18, a reconciliation for each line item in the statement of profit or loss between the restated amounts presented by applying PFRS 18 and the amounts previously presented applying PAS 1.

From a cash flow statement perspective, there will be changes to how interest received, and interest paid are presented. Interest paid will be presented as financing cash flows and interest received as investing cash flows, which is a change from current presentation as part of operating cash flows.

The Group will apply the new standard from its mandatory effective date of January 1, 2027. Retrospective application is required, and so the comparative information for the financial year ending December 31, 2026 will be restated in accordance with PFRS 18.

32.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group as at December 31, 2025 and 2024. The subsidiaries' financial statements are prepared for the same reporting year as the Parent Company. The Group uses uniform accounting policies, any difference between subsidiaries and the Parent Company are adjusted properly.

The Group is composed of the subsidiaries listed below:

Nature and name of entity	Ownership %		
	2025	2024	2023
Property development:			
Shang Properties Realty Corporation (SPRC)	100	100	100
Shang Property Developers, Inc. (SPDI)	100	100	100
The Rise Development Corporation, Inc. (TRDCI)	100	100	100
Shang Wack Wack Properties, Inc. (SWWPI)	100	100	100
SPI Property Holdings, Inc. (SPI-PHI)	100	100	100
SPI Land Development, Inc. (SPI-LDI)	100	100	100
Rapidshare Realty and Development Corporation (RRDC)	100	100	-
Hotel operation:			
Shang Global City Properties, Inc. (SGCPI)	60	60	60
Leasing:			
SPI Parking Services, Inc. (SPSI)	100	100	100
Shangri-la Plaza Corporation (SLPC)	100	100	100
KSA Realty Corporation (KSA)	70.04	70.04	70.04
SPI Property Developers, Inc. (SPI-PDI)	100	100	100
Real estate:			
Ivory Post Properties, Inc. (IPPI)	100	100	100
KPPI Realty Corporation (KRC)	100	100	100
Martin B Properties, Inc. (MBPI)	100	100	100
New Contour Realty, Inc. (NCRI)	100	100	100
Perfect Sites, Inc. (PSI)	100	100	100
Shang Fort Bonifacio Holdings, Inc. (SFBHI)	100	100	100
Shang Global City Holdings, Inc. (SGCHI)	100	100	100
Sky Leisure Properties, Inc. (SLPI)	100	100	100
Property management:			
KPPI Management Services Corporation (KMSC)	100	100	100
Shang Property Management Services, Inc. (SPMSI)	100	100	100
Other supplementary business:			
Gipsey, Ltd. (Gipsey)	100	100	100
Silver Hero Investments Limited (SHIL)	100	100	100
EPHI Logistics Holdings, Inc. (ELHI)	60	60	60

Except for Gipsey and SHIL, which were incorporated in the British Virgin Islands (BVI) and use Hong Kong dollars (HK\$) as their functional currency, all the other subsidiaries were incorporated and registered in the Philippines which use Philippine Peso as their functional currency.

All subsidiary undertakings are included in the consolidation. The proportion of the voting rights in the subsidiary undertakings held directly by the Parent Company do not differ from the proportion of ordinary shares held.

The summarized financial information of subsidiaries with significant non-controlling interest as at and for the years ended December 31, 2025 and 2024 are disclosed in Note 9.

(a) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. These are deconsolidated from the date that control ceases.

The Group also assesses the existence of control where it does not have more than 50% of the voting power by virtue of de facto control. De facto control may arise in circumstances where the size of the Group's voting rights relative to the size and dispersion of holdings of other shareholders give the Group control over the investee.

Whenever the Group obtains control of one or more other entities, it assesses whether the acquired group of net assets constitutes a business. In assessing whether a transaction is an acquisition of a business or assets, the Group identifies the elements in the acquired group, assesses the capability of the acquired group to produce outputs, and assesses the capability of a market participant to produce outputs if missing elements exist. If the assets acquired are not a business, the Group accounts for the transaction or other event as an asset acquisition.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognizes any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the recognized amounts of acquiree's identifiable net assets.

Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

Any contingent consideration to be transferred by the Group is recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognized in accordance with PFRS 9 either in profit or loss or as a change to other comprehensive income. Contingent consideration that is classified as equity is not re-measured, and its subsequent settlement is not accounted for within equity.

If the excess of the consideration is transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of the consideration is transferred, and the difference of the non-controlling interest recognized and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognized directly in profit or loss.

Inter-company transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

(b) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions - that is, as transactions with the owners in their capacity as owners. For purchases from non-controlling interests, the difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognized in profit or loss. The fair value is the initial carrying amount for purposes of subsequently accounting for the retained interest as an associate or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

(c) Associates and joint ventures

Associates are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting.

Interests in joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated statement of financial position.

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.

When the Group increases its stake in an existing associate and gains control in that investment, the investment becomes a subsidiary. When the entity obtains control of the investment (an investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee) that was previously accounted for under equity method, the carrying amount of the investment in associate is derecognized and the assets and liabilities acquired are recognized in the Group's consolidated financial statements at acquisition date.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

If the ownership interest in an associate or a joint venture is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

The Group determines at each reporting date whether there is any objective evidence that the investment is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the investments and its carrying value and recognizes the amount adjacent to 'share in net earnings of associates' in the consolidated statement of total comprehensive income. The carrying amount of equity-accounted investments is tested for impairment in accordance with the policy described in Note 32.8.

Dilution gains and losses arising from investments are recognized in profit or loss. Investment in subsidiaries and associates are derecognized upon disposal. Gains and losses on disposals of these investments are determined by comparing the proceeds with the carrying amount and are included in profit or loss.

32.3 Cash equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three months or less from the date of acquisition and are subject to an insignificant risk of change in value.

32.4 Financial instruments

Financial assets

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value either through other comprehensive income ("OCI") or through profit or loss, and
- those to be measured at amortized cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement of financial assets

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising from derecognition is recognized directly in profit or loss and presented in other income, net, together with foreign exchange gains and losses. Impairment losses are presented in other general and administrative expenses in the consolidated statements of total comprehensive income.

The Group's financial assets at amortized cost consist of cash and cash equivalents (Note 3), trade and other receivables (Note 5), refundable deposits under prepayments and other current assets (Note 7) and other non-current assets (Note 14) in the consolidated statements of financial position.

- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other income, net. Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other income, net, and impairment expenses are presented in other general and administrative expenses in the consolidated statements of total comprehensive income.

The Group does not have debt instruments at FVOCI as at December 31, 2025 and 2024.

- **FVTPL:** Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognized in profit or loss and presented within other income, net, in the period in which it arises.

The Group does not have debt instruments at FVTPL as at December 31, 2025 and 2024.

Equity instruments

The Group subsequently measures all equity investments at fair value through profit or loss, except where the Group's management has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The Group's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to generate investment returns. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to profit or loss, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognized in profit or loss as other income when the Group's right to receive payments is established.

The Group's financial assets measured at FVOCI represent unquoted shares of stock of related parties and quoted investments in various golf club shares and stocks. These are separately shown in the consolidated statements of financial position (Note 11).

Dividends are recognized when the Group's right to receive payment is established, it is probable the economic benefits will flow to the entity and the amount can be measured reliably. Dividends are recognized in profit and loss unless they clearly represent recovery of a part of the cost of the investment, in which case they are included in other comprehensive income. Changes in fair value are recognized in other comprehensive income and are never recycled to profit and loss, even if the asset is sold or impaired.

Impairment

The Group assesses on a forward-looking basis the expected credit losses associated with its debt instruments carried at amortized cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the PFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables and contract assets have been grouped based on shared credit risk characteristics and the days past due.

The expected loss rates are based on the payment profiles of counterparties over a certain period and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Group has assessed that the impact of forward-looking information on the loss rates applied is immaterial.

Impairment losses on receivables are presented in other general and administrative expenses consolidated statement of total comprehensive income. Subsequent recoveries are credited to other income.

Financial liabilities

Financial liabilities are classified in the following categories: financial liabilities at fair value through profit or loss (including financial liabilities held for trading and those that designated at fair value); and financial liabilities at amortized cost. There are no financial liabilities at fair value through profit or loss as at December 31, 2025 and 2024.

Financial liabilities that are not classified as at fair value through profit or loss fall into this category and are measured at amortized cost.

The Group's accounts payable and other current liabilities (excluding advanced rental, contract liabilities, customers' deposits, reservation payable, output VAT, deferred output VAT and payable to government agencies) (Note 15), installment payable (Note 16), deposits from tenants (Note 17), dividends payable (Note 19), and bank loans (Note 16) are classified under financial liabilities at amortized cost.

Initial recognition

Regular purchases and sales of financial assets are recognized on the trade date (the date on which the Group commits to purchase or sell the asset).

Financial assets and liabilities not carried at fair value through profit or loss are initially recognized at fair value plus transaction costs. Financial assets and liabilities carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are recognized as expense in profit or loss.

The Group recognizes a financial liability in the consolidated statement of financial position when the Group becomes a party to the contractual provision of the instrument.

Day 1 difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a Day 1 difference) in the profit or loss unless it qualifies for recognition as some other type of asset. In cases where the data used are not observable, the difference between the transaction price and model value is only recognized in the profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the Day 1 difference.

32.5 Investment properties

Investment property is defined as property held by the owner or by the lessee under a finance lease to earn rentals or for capital appreciation or both, rather than for: (a) use in the production of supply of goods or services or for administrative purposes; or (b) sale in the common course of business. The Group's investment property, principally comprising of properties in Mandaluyong and Makati City are held for capital appreciation and is not occupied by the Group. The Group has adopted the fair value model for its investment properties (Note 10).

After initial recognition, investment property is carried at fair value as determined by an independent firm of appraisers. Fair value is based on direct income capitalization approach and market comparison approach, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices on less active markets or discounted cash flow projections. These valuations are reviewed annually by the independent appraiser. Investment property that is being redeveloped for continuing use as investment property or for which the market has become less active continues to be measured at fair value.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to profit or loss during the financial period in which they are incurred.

Changes in fair values are recognized in the consolidated statement of total comprehensive income under gain on fair value adjustment of investment properties.

An investment property is derecognized from the consolidated statement of financial position on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal.

Removal of an item within investment property is triggered by a change in use, by sale or disposal. If an investment property becomes owner-occupied, it is reclassified as property and equipment, and its fair value at the date of reclassification becomes its cost for accounting purposes. Gain or loss arising from disposal is determined as the difference between the net disposal proceeds and the carrying amount of the asset. Gain or loss on disposal is recognized in profit or loss in the period of the disposal.

Property that is being constructed or developed for future use as investment property is classified as investment property.

Impairment of investment properties is discussed in Note 32.8.

32.6 Property and equipment

Property and equipment, except land rights, are stated at historical cost less depreciation and amortization, and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items, which comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the consolidated statement of total comprehensive income within other general and administrative expenses during the financial period in which they are incurred.

Land rights are not depreciated. Depreciation and amortization of property and equipment are calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives (in years), as follows:

Building and leasehold improvements	25 or lease term, whichever is shorter
Transportation equipment	3 to 5
Furniture, fixtures and other equipment	2 to 5

Major renovations are depreciated over the remaining useful life of the related asset.

The assets' residual values and estimated useful lives are reviewed periodically, and adjusted if appropriate, at each reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 32.8).

32.7 Goodwill

Goodwill arises on the acquisition of subsidiaries and represents the excess of the consideration transferred, the amount of any NCI in the acquired company and the acquisition-date fair value of any previously-held interest in the acquired company over the fair value of the identifiable net assets acquired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash generating units (CGUs), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level. Gains and losses on the disposal of a subsidiary include the carrying amount of goodwill relating to the entity sold.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs to sell. Any impairment is recognized immediately as an expense and is not subsequently reversed.

32.8 Impairment of non-financial assets

Non-financial assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment. Assets that have definite useful lives are subject to amortization and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Value in use requires the Group to make estimates of future cash flows to be derived from the particular asset, and to discount them using a pre-tax market rate that reflect current assessments of the time value of money and the risks specific to the asset. For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable CGUs.

Where an impairment loss subsequently reverses, the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount, but the increase should not exceed the carrying amount that would have been determined had not the impairment loss been recognized for the asset or CGU in prior years. A reversal of an impairment loss is recognized as income immediately.

32.9 Borrowings and borrowing costs

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred, or liabilities assumed, is recognized within interest expense and bank charges in the consolidated statement of total comprehensive income.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of that asset. All other borrowing costs are recognized and charged to profit or loss in the year in which they are incurred. The Group decided to avail relief issued by the SEC per Memorandum Circular No. 4-2020. The SEC provided for the relief to the real estate industry by deferring the implementation of IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23) until December 31, 2023.

32.10 Current and deferred income tax

The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date where the Group operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

In the sale of condominium units resulting in recognition of installments contracts receivable, full recognition for income tax purposes is applied when more than 25% of the selling price has been collected in the year of sale. Otherwise, the installment method is applied.

Deferred income tax assets are recognized for all deductible temporary differences, carry-forward of unused tax losses (net operating loss carryover or NOLCO) and unused tax credits (excess minimum corporate income tax or MCIT) to the extent that it is probable that future taxable profit will be available against which the temporary differences, unused tax losses and unused tax credits can be utilized. The Group reassesses at each reporting date the need to recognize a previously unrecognized deferred income tax asset.

Deferred income tax assets are recognized on deductible temporary differences arising from investments in subsidiaries and associates only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilized.

Deferred income tax liabilities are recognized in full for all taxable temporary differences, except to the extent that the deferred income tax liability arises from the initial recognition of goodwill. Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries and associates, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally, the Group is unable to control the reversal of the temporary difference for associates. Only where there is an agreement in place can the Group control the reversal of the temporary difference that was not recognized.

32.11 Provisions

Provisions are recognized when: the Group has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for future operating losses.

Provisions are derecognized when the obligation is paid, cancelled or has expired.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the reversal is recognized in the consolidated statement of total comprehensive income within the same line item in which the original provision was charged.

32.12 Employee benefits

(a) Retirement benefits

The Group maintains a defined benefit retirement plan determined by periodic actuarial calculations. This defined benefit retirement plan is funded through payments to a trustee-administered fund and determined by periodic actuarial calculations. A defined benefit plan is a retirement plan that defines an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognized in the consolidated statement of financial position in respect of defined benefit retirement plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. In cases when the amount determined results in a surplus (being an excess of the fair value of the plan assets over the present value of the defined benefit obligation), the Group measures the resulting asset at the lower of: (a) such amount determined; and (b) the present value of any economic benefits available to the Group in the form of refunds or reductions in future contributions to the plan. The defined benefit obligation is calculated annually by an independent actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest of government bonds converted into zero coupon rates that are denominated in the currency in which the benefits will be paid, and that have terms to maturity which approximate the terms of the related retirement liability.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past-service costs are recognized immediately in profit or loss.

(b) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognizes termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the entity recognizes costs for a restructuring that is within the scope of PAS 37 and involves the payment of termination benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the reporting date are discounted to present value.

(c) Short-term employee benefits

The Group recognizes a liability and an expense for short-term employee benefits which include salaries, paid sick and vacation leaves and bonuses. Bonuses are based on a formula that takes into consideration the resulting qualified profits. The Group recognizes a provision when contractually obliged or when there is a past practice that has created a constructive obligation.

Liabilities for employee benefits are derecognized when the obligation is settled, cancelled or has expired.

32.13 Income recognition

The Group assesses its revenue arrangements against specific criteria in order to determine if it is acting as a principal or as an agent. The Group has concluded that it is acting as the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements, has inventory risk and pricing latitude.

The following specific recognition criteria must be met before revenue and expenses are recognized;

Revenue

(a) Revenue from condominium sales

The Group develops and sells condominium units. Under a valid enforceable document, the performance obligation of the Group is to deliver the condominium unit, which is the normal output of a real estate business. In addition, this document contains information such as the contracting parties' rights and payment terms, which are essential elements for a valid revenue contract. The document must be signed by the contracting parties to make it enforceable prior to revenue recognition. The Group assesses the commercial substance of the contract and the probability that it will collect the consideration.

Significant accounting judgement - Collectability of the transaction price

Identification of a "contract" for a particular real estate sale transaction in the context of PFRS 15 requires certain judgments based on the collectability of the transaction price. Collectability of the transaction price is demonstrated by the buyer's commitment to pay which, in turn, is supported by substantial initial and continuing investments that gives the buyer a sufficient stake in the property that risk of loss through default motivates the buyer to honor his obligation. Collectability is also assessed by considering factors such as the credit standing of the buyer, age, and location of the property. For condominium sales, in determining whether the contract prices are collectible, the Company considers that initial and continuing investments by the buyer of about 5% would demonstrate the buyer's commitment to pay, based on historical data.

Critical accounting estimate - Revenue based on percentage-of-completion (POC)

Revenue from property sales is recognized over time based on percentage of completion in accordance with the guidance set in PIC Q&A 2016-04. Management believes that revenue from property sales reported in the statement of comprehensive income best reflects the POC of the project as at reporting date.

Significant financing component

In determining the transaction price, the Company adjusts the promised amount of consideration for the effects of the time value of money if the timing of payments agreed to by the Group and the customer provides the customer or the Group with a significant benefit of financing the sale of condominium units to the buyer. In those circumstances, the contract contains a significant financing component. A significant financing component may exist regardless of whether the promise of financing is explicitly stated in the contract or implied by the payment terms agreed to by the parties to the contract.

In adjusting the promised amount of consideration for a significant financing component, the Group uses the discount rate that would be reflected in a separate financing transaction between the entity and its customer at contract inception. That rate would reflect the credit characteristics of the party receiving financing in the contract, as well as any collateral or security provided by the customer or the entity, including assets transferred in the contract. The Company determines that rate by identifying the rate that discounts the nominal amount of the promised consideration to the price that the customer would pay in cash for the goods or services when (or as) they transfer to the customer. The significant financing component is presented as part of revenue from condominium sales recognized in the consolidated statement of comprehensive income.

Contract receivables/liabilities

Under the document, customers are required to pay the transaction price invoiced over a certain period based on payment schedule agreed by the customer and the Group. Any excess collections received over the revenue recognized using the POC method is presented as 'Contract liabilities' in the statement of financial position. If the amount of revenue under POC however, exceeds the amounts invoiced under the contract, a 'Contract receivable' is recorded. This account is considered a receivable, as the Company's right to the consideration is unconditional in which only the passage of time is required before payment of the consideration is due.

Customers' deposits

Payments received from potential buyer to provide exclusive rights to buy a specific condominium unit under certain conditions and up to specified period are treated initially as a liability and are recognized as part of "customers' deposits" under accounts payable and other liabilities. These deposits are applied as payment of the transaction price as soon as the revenue recognition criteria are met.

Fulfillment costs

Cost of condominium sales include upfront costs such as land costs and connection fees, which are accounted for as fulfillment costs, and development costs which contribute to the construction progress of the development project. Fulfillment costs are recognized as contract assets arising from fulfillment costs to the extent that such costs give rise to resources that will be used in satisfying performance obligations in the future and that are expected to be recovered. These costs are included in properties held for sale in the consolidated statement of financial position. Such contract assets are amortized as cost of condominium sales consistent with the revenue recognition method applied, subject to impairment up to the extent that the carrying amount of the asset exceeds (a) the remaining amount of consideration that the Group expects to receive; less (b) direct costs that have not been recognized as expenses. Development costs are recognized as expense as the work to which they relate is performed.

Costs to obtain a contract

Commissions paid to agents in connection with the acquisition of the contract are recognized as an asset (as 'Prepaid commission' in Note 7). This is amortized and charged to expense based on the project's percentage of completion. The amount recognized as expense is included in 'Cost of properties sold' in the statement of comprehensive income.

Contract cancellations

Condominium units arising from cancellation of contracts to sell are initially measured by the Group based on its original carrying amount at the time it was sold.

(b) Rental

Rental income from operating leases (the Group is the lessor) is recognized as income on a straight-line basis over the lease term or based on a certain percentage of gross revenue of the lessees, whichever is applicable. When the Group provides incentives to its lessees, the cost of incentives are recognized over the lease term, on a straight-line basis, as a reduction of rental income.

When the revenue recognition criteria are not met, cash received from lessees are recognized as advance rentals, until the conditions for recognizing rental income are met.

(c) Hotel operations

Hotel revenue from room rentals, food and beverage sales, and other ancillary services are recognized when the services are rendered. Revenue from other ancillary services include, among others, business center and car rental, laundry service, telephone service and health club services. The services rendered are distinct performance obligations, for which prices invoiced to the guests are representative of their stand-alone selling prices. These obligations are fulfilled over time when they relate to room rentals, that is over the stay within the hotel, at a point in time for other goods or services, when they have been delivered or rendered.

Costs of hotel operations are expensed as incurred. These include expenses incurred for the generation of revenue from food and beverage sales, room rentals, and other ancillary services.

(d) Interest income and expense

Interest income and expense are recognized in profit or loss for all interest-bearing financial instruments using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability.

Once a financial asset or a Group of similar financial assets has been written down as a result of an impairment loss, interest income is recognized using the original effective interest rate.

Interest income on bank deposits is recognized when earned, net of final withholding tax.

(e) Dividend income

Dividend income is recognized when the Group's right to receive payment is established, which is generally when the Board of the investee company approved the dividend.

(f) Other income

Administration and management services, customer lounge fees, banner income, income from cinema operations and other service income are recognized when the related services have been rendered. Revenues from auxiliary services such as handling, sale of scrap materials, import break bulk and brokerage are recognized when services are provided or when goods are delivered. Money received or amounts billed in advance for rendering of services or delivery of goods are recorded as unearned income until the earning process is complete.

(g) Cost and expenses

Cost and expenses are recognized when these are incurred.

32.14 Leases

(a) Group is the lessor

Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease or based on a certain percentage of gross revenue of the lessees, whichever is applicable. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term. Assets under these arrangements are classified as investment property in the consolidated statement of financial position (Note 32.5).

(b) Group is the lessee

Payments associated with short-term leases are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

32.15 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. These operating segments are the basis upon which the Group reports its segment information presented in Note 2 to the consolidated financial statements.

The accounting policies used to recognize and measure the segment's assets, liabilities and profit or loss is consistent with those of the consolidated financial statements.

32.16 Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but disclosed when an inflow of economic benefits is probable.
